On behalf of Coleman Angus, we want to thank you for taking the time to look at our 2022-2023 Sire Directory. Here at Your Maternal Source, we feel we have the deepest, strongest set of sires we have ever had with some of the most exciting times we have ever seen in the past 10 years in the cattle business. There are a multitude of sires to pick from in our lineup of bulls with our stockmen philosophy. We believe Maternal Still Matters, and that is why we have set out to become Your Maternal Source at Coleman Angus.

We believe that the most important aspect of building a program, whether it is a commercial cow-calf operation or a seedstock program, is the factory behind your operation, the Angus cow. We believe in production records, longevity, and the Pathfinder status still at Coleman Angus.

As you flip through this sire directory, you will find cattle that have been bred for generations for these simple but important traits. We believe in bulls with three-dimensional shape and muscle, great structure to hold up in the harshest environments throughout our country, bulls that will sire females with great udders who will raise big stout calves, great feet, and come in the ideal size with fleshing ability and pleasing to the eye.

If you have any questions at all or would like to inquire about volume discounts, please feel free to give us a call.

Sincerely

Larry Coleman

- Coleman Glacier 041 offers an outstanding genetic and visual package representing everything we look for in an ideal Angus bull. His herd bull look and presence, along with his pedigree, is exactly what the industry is looking for.
- He has explosive growth with exceptional weaning and yearling numbers compiled with his maternal genetics that rank him highly in the breed for \$M. He was the featured Lot 1 bull of the 2022 Coleman Angus Spring Bull Sale where 25% of this outstanding individual sold for \$270,000. His full sister, Coleman Donna 046, sold for one-half interest at \$120,000 for a \$240,000 valuation in the 2022 fall production sale to Ingram Angus of Tennessee, and his maternal sister was the top-valued heifer calf of this event who sold for one-half interest at \$180,000 for a \$360,000 valuation to K&M Cattle of Indiana.
- Glacier stems from a very productive Pathfinder dam, Coleman Donna 439, who has powerful dimension and structure with an exquisite look in a very maternal package. His dam is a full sister to Coleman Playmaker 427, a member of the GENEX Beef Al stud, and is a headlining donor in the program; she is a great herd sire producer with 11 sons that sold in our 2022 spring bull sale and is also the mother of Coleman Ace 989.

Coleman Donna 769 – The \$68,000 Valued Full Sister to Coleman Rock 7200.

- Coleman Rock 7200 was selected by Ingram Angus of Tennessee and Sandford Ranches of Texas
 as the top-selling bull of the 2022 fall production sale selling one-half interest for \$240,000 for a \$480,000 valuation. The cattleman's kind is a perfect way to describe the early indicators on Coleman Rock 7200. He sires cattle with extra three-dimensional shape with added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package.
- This featured herd sire by 0CC Juneau 807J stems back to the legendary Coleman Donna 714, who is the \$290,000 record seller and one of the high income-producing females in the Coleman Angus Ranch program. This bull is low birthweight and high growth in a highly maternal package.
- Coleman Rock 7200 is a full brother to the top-selling Lot 1 cow of the 2016 sale who sold for \$80,000 going to Lawson Farms of Virginia, Coleman Donna 063. Other full sisters include Coleman Donna 769 who sold this fall for one-half interest at \$34,000 for a \$68,000 valuation to Ingram Angus and another full sister was the \$20,000 selection of Nolan Cash of Canada through this fall's production sale. Coleman Donna 1156, the top-selling bred heifer of this same event brought \$51,000 going to Stacey Roberts of North Dakota.
- Coleman Donna 714, his dam, has a progeny birth ratio of 89, progeny weaning ratio of 115 on four natural calves, and a progeny yearling ratio of 112 on three head and stems from the legendary Donna family and the female who has established herself as one of the great producers in Coleman Angus history.

- Coleman Easy Decision 1539 was the second top-selling bull of the 2023 Coleman Angus bull sale and sold for 135,0000 to Southern Cattle Co. of Mariana, Florida and Select Sires Al Stud. Easy Decision was named properly because he is five generations of calving easy genetics from five great cows within the Coleman program, his predictability is second to none for proven calving ease, high maternal, and performance genetics.
- · Coleman Donna 7386, his dam, has a wonderful production record of BR 4@90, WR 4@113, YR 2@113 and four calves in a 364-day calving interval. His grandmother has a progeny production record of BR 6@93, WR 6@108, YR 5@107 and in a 367-calving interval on 6 head. Combine these two generations with the third and fourth of Coleman Donna 714 and Coleman Donna 386 offers to be a very "Easy Decision".

- · Coleman Charlo 0256, the world-renowned Pathfinder sire, has no equal for combining calvingease with his degree of thickness, fleshing ability, carcass quality, and authentic Angus type combined with high fertility and phenomenal phenotype.
- He was the \$27,000 top-selling bull of the 2012 Coleman Angus Ranch Bull Sale to Jocko Valley and joined the Accelerated Genetics AI stud. An interest in him sold to Sitz Angus Ranch and Schaff Angus Valley, and he has become known around the world as a true one-of-a-kind sire.
- In the 2018 Coleman bull sale, he sired Coleman Bravo 6313, the \$450,000 all-time record-selling bull in Montana Angus history to Sandford Ranches of Texas.
- His full sister, Coleman Abigale 0277, is a proven Pathfinder sire who has followed in the productive tradition of their \$50,000 valued dam, Bohi Abigale 6014. Coleman Donna 5247, a daughter, was recently the featured Lot 1 female of the 2022 fall production sale and sold for one-half interest at \$200,000 for a \$400,000 valuation to Kelly Farms of Michigan.

- Coleman Juneau 044: Past top-selling bull by the Pathfinder sire, OCC Juneau 807J, back to the \$290,000 Coleman Donna 714, a full brother to Coleman Rock 7200 and Coleman Manning 0299. This sure-shot heifer bull reads with double-digit, calving-ease direct. He is a full brother to Coleman Rock 7200. Full sisters include the \$68,000 valued Coleman Donna 769 and the \$20,000 Coleman Donna 756, who both sold in the fall 2022 production sale.
- This bull has continued to impress. Daughters in the program have been tremendous in their production records, proving him to be a Pathfinder sire.

Michael

 Coleman Resource 710 is a tremendous son of Resource 1441 back to a daughter of Juneau 807J. He also stems back to the \$93,000 record-selling Coleman Donna 005. He is loaded with tremendous growth genetics without sacrificing maternal. He is a stout, heavy-muscled, big-footed bull with the cowboy kind look and presence. He is a full brother to Coleman Resource 708 who is a featured herd sire for the Gaugler Angus Ranch in Montana.

% Where Maternal Still Matters %

The Coleman program has been built the old-fashioned way: In the pasture, where maternal is measured by production records and longevity, and where Pathfinder still means something. As you study the AHIR data base at American Angus Association, Coleman Angus has the #1 (Coleman Donna 040) and #4 (Coleman Donna 0308) \$M females in the breed that are 12 years of age or older with the Pathfinder status. These cattle in this year's sire directory truly measure maternal strength!

We have built our maternal program on the best genetics we could find. We believe in moving forward from the very best we have built from day one. We believe in quality, not quantity.

Coleman Donna 0308 – Coleman Angus currently has the #1 and #4 \$M Pathfinder Dams in the breed 12 years or older for \$M. Where Production, Longevity, and Maternal becomes YOUR MATERNAL SOURCE.

\$M COLEMAN HERD FACTS:

- % The entire Coleman Angus herd ranks in the TOP 7% for Current Dams
- % The entire Coleman Angus herd ranks in the TOP 15% for Non-Parent Dams
- % The entire Coleman Angus herd is 51% higher than breed average for Current Dams.
- % The entire Coleman Angus herd is 47% higher than breed average for Non-Parent Dams.
- % The average \$M for Current Dams in the Coleman herd is 78 and breed average is 58.
- % The average \$M for Non-Parent females in the Coleman herd is 77 and breed average is 62.

Behind every great herd bull is a highly productive cow!
