Bar-E-L Bride 28C is sired by Bar-E-L Natural Law 52Y and is considered by many to be his greatest daughter. 28C headlined the 2022 Open Book Invitational at Brooking Angus Ranch in Canada and became the top-selling female. of the event. She sold a \$75,000 flush in the 2023 Your Maternal Source Female Sale and has created quite a stir at Coleman Angus with visitors who saw her. 28C reads with an exquisite phenotype, beautiful udder, massive rib. shape, and a beautiful, elegant front-end extension in a very complete, fault-free, high-quality package. It is very. seldom that we buy outside genetics unless we feel they can move our program, but 28C fits the mold and style we love here! Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for \$175,000 for 1/3rd interest in our 2024 Spring Bull Sale, for a valuation of \$525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as of a bull as we've seen in a long time." He is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired

Hummel Palermo SA
Sire of Embryos

two of the best bulls we have ever made here in Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. These will be some of the very first embryos ever sold at auction out of Palermo. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.**

0153 is a Pathfinder female who has a calving interval of 364 days on her first four calves and a progeny production record of BR 4/87, NR 4/108, and YR 2/106. 0153 has established herself as one of the great herd sire-producing females in Coleman Angus history. 0153 is the dam of the \$150,000 one-half interest Below Zero 2106, who is a featured member of the Genex AI Beef AI Stud along with Marshall & Fenner Farms of MO, and Janssen Angus of IA. 0153 is also the dam of the \$250,000 one-half interest Coleman Avalanche 487 who sold to Montana Angus Ranch in MT, and Canadian Sires in Canada. 0153 was the lead off Lot 1 female of our 2024 Maternal Source Sale where one-half interest in her sold for \$185,000 to Ingram Angus in TN. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales. A full sister was the \$150,000 valued second

Coleman Program 593
Sire of Embryos

top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 8146 is the all-time, record-selling female in Coleman Angus history, selling one-half interest for \$375,000 for a \$750,000 valuation to ZWT Ranch of Tennessee in the 2023 Your Maternal Source Female Sale. She has a progeny production record of BR 4/92, WR 4/109 and 3/109. Full sisters to 8146 include the \$90,000 valued, Coleman Donna 4203, who in turn produced Coleman Banker 9215 who sold one-half interest for \$75,000 for a \$150,000 valuation through the 2020 Your Maternal Source Female Sale going to Voss Angus of Iowa. Another full sister of 8146 is Coleman Donna 8147, the granddam of Coleman Below Zero 2106, the featured GENEX Beef sire, who sold \$150,000 for one-half interest for a \$300,000 valuation. Coleman Glacier 041 is currently the #1 bull for \$M in the whole breed that has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, structure, while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity, to work with. We have 3 flush sisters to Glacier here at the Ranch and every one of them is Pathfinders: they have, perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production, record, perfect calving

Coleman Glacier 041
Sire of Embryos

interval record, probably as good of set of flush sisters as we have ever had here. We believe it all starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth, consecutive generation to make it to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. **These are IVF embryos. (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Chloe 412 was the highest selling heifer calf in our 2024 Your Maternal Source Sale, selling for \$152,500 for one-half interest. Chloe 9275 her dam is quickly becoming a visitor favorite and has had as much impact on Coleman Angus as any female we have ever owned. "412" is stunning from every angle, extreme amount of rib shape, muscle, fore-rib, and flank, with a great look. This mating is one we are very excited about and would offer the freshest genetics we have ever offered. We have found the combination of the Donna's and the Chloe's here has been a golden cross. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 for ½ interest to Montana Ranch and Canadian sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used

Coleman Avalanche 487
Sire of Embryos

Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate. Coleman Donna 1448 has been a favorite on the ranch since she was a young calf. 1448 has acquired the nickname "Madonna" and has always been a visitor favorite! She sold one-half interest for \$120,000 for a \$240,000 valuation in the 2023 Your Maternal Source Female Sale to Ingram Angus of Tennessee. 1448 recorded a BR of 88 and WR of 102 on her first calf while staying in excellent shape and maintaining a perfect udder. She is a female that gets better as she ages, with a massive amount of rib shape and stoutness for a two-year-old nursing her first calf. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales. A full sister was the \$150,000 valued second

Coleman Program 593
Sire of Embryos

top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

She is a female that gets better as she ages, with a massive amount of rib shape and stoutness for a two-year-old nursing her first calf. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 for ½ interest to Montana Ranch and Canadian sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring,

Coleman Avalanche 487
Sire of Embryos

ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Her sons topped our 2021 Bull Sale, with many going to registered breeders across the United States. Coleman Rock 7200 was the \$240,000 record selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The Cattlemen's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape with added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for \$M. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have

been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 7231 is one of my very favorite daughters of 714 we have ever had. She resembles her mother more than any other daughter we have ever had. She is a tick stouter than Donna 714. She was a female that I never wanted to sell, and if it were not for our complete dispersal of our summer calving unit in 2023, we would not have sold half interest in her. 7231 is a Pathfinder female who has a calving interval of 366 days on her first five calves and a progeny production record of BR 5/96, NR 6/107, and YR 6/105. She has a perfect udder, very long-spined, perfect feet and very wedge-shaped. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped, massively hipped with added body in a perfectly structured skeleton, and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275

is having a major impact not only in our herd, but also across the whole breed. 9275 currently has 14 sons that are working in major registered operations. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Chloe 322 is one of very favorite young females here. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 322 weaned her first calf with a BR/82, WR/115 and YR/111 and bred back AI for her 2nd calf. 322's 2nd calf is very good, and we are very excited for her future here. We have a set of flush calves on the ground out of 322 that are so me of our favorites. We love our Glacier daughters. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. We are very excited about this mating, two of the great young breeding pieces that we have made here, combining the Donna's and the Chloe's. I believe when we cross Donna 787 with Chloe 9275 it will leave some of the very best cattle we have ever made here. We have already seen what it has done, and you will see a lot more of it in the future here. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. O177 is a Pathfinder female who has a calving interval of 366 days on her first four calves and a progeny production record of BR 4/91, NR 4/112, and YR 4/108. 0177 has bred first straw AI every year of her life and has an excellent calf on her again this spring. First time we have ever sold embryos out of her and will not be selling many as some of our very favorite embryo calves this spring are out of her. One of my very favorite females we sold last fall was a daughter of 0177, Coleman Donna 4227, that went to Ingram Angus in TN for \$32,000. "4227" was the lead off female in Ingram Angus's sale this spring and sold for \$75,000 for ½ interest. Ingram Angus also offered a flush out of Coleman Donna 4227, that sold for \$20,000 to Boyd Cattle in KY. "0177" has a perfect udder, extremely long, big level hip, thick topped and very wedgy. 0177 has done a wonderful job on her calves here, one of my very favorite 3-year-old females here is a sister to "4227". Pay attention here, one of my very favorite young females on the ranch, and one we are building around. We put a bunch more embryos in this spring out of 0177. This will be an excellent mating here. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. Online EMBRYO Auction Closes May 12th | 7:00 PM (MST)

Coleman Chloe 331 is one we are really excited about. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 331 weaned her first calf with a BR/93, WR/112 and YR/115 and bred back AI for her 2nd calf. 331's 2nd calf is very good, and we are very excited for her future here. We love our Glacier daughters. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. First time we have ever offered embryos out of Chloe 331. We are very excited about this mating, two of the great young breeding pieces that we have made here, combining the Donna's and the Chloe's. I believe when we cross Donna 787 with Chloe 9275 it will leave some of the very best cattle we have ever made here. We have already seen what it has done, and you will see a lot more of it in the future here. Coleman Authentic 5103 captivated the spring bull sale season as the \$200,000 feature of our 2026 Bull Sale. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787 who has a progeny production record of BR 6/87, WR 6/107, and YR 5/108 with nine daughters in production with an average nursing ratio of 101. Authentic has as much center body mass as any bull, we have ever been around. He will add rib shape, muscle, depth of flank and fore rib, with a massive top. Authentic is extremely wide based, and his flush sisters here are as good as we have made. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

8216 has a calving interval of 357 days on her first five calves and a progeny production record of BR 5/86, NR 5/110, and YR 5/106. 8216 is a visitor favorite and has been for a long time. She is a direct daughter of the Pathfinder sire, Coleman Charlo 0256, back to the Pathfinder dam, Coleman Donna 0308 who is a model Angus female that 16 currently 16 years old and has a herd bull at her side by Palermo. 8216 has a tremendous set of ET calves here this spring, and a female that we very rarely sell embryos out of. She has a perfect udder, long, deep, stout, and reminds me of her mother. Pay attention here!! Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for \$175,000 for 1/3rd interest in our 2024 Spring Bull Sale, for a valuation of \$525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as of a bull as we've seen in a long time." He is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best bulls we have ever made here in Program and Authentic. His daughters

Hummel Palermo SA
Sire of Embryos

may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. These will be some of the very first embryos ever sold at auction out of Palermo. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.**

5309 is a Pathfinder Female with a calving interval of 363 days on her first 7 calves. BR 8/91, WR 8/107, and YR 7/106. 5309 at 11 years of age, has another really good calf on her this spring. We have a couple sets of really good ET calves on the ground here this spring out of 5309. Her Dam, Donna 714 has 102 daughters in production with an average NR of 102. 5309 is one of the most unique females we have ever had the opportunity to work with here, extreme calving ease with explosive growth. 5309 is the grandmother of Coleman Easy Decision, a featured bull in the Select Sires lineup and one we have tied into as hard as any young bull ever here at Coleman Angus. 5309 was one of the featured donors in our Your Maternal Source Female Sale and sold to Talkington Angus in ND. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales. A full sister was the \$150,000

Coleman Program 593
Sire of Embryos

valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 5207 is a Pathfinder female with a progeny production record of BR 7/96, WR 7/109, and YR 5/109. She is extremely angular, deep-sided, and has a perfect udder and long, level hip. She continues to breed back first straw AI and produces at least one of our best calves each year. Donna 5207 at 10-years of age, just weaned one of our heaviest heifer calves out of Platinum and bred back AI to calve next spring. "5207" continues to get better each year, maternal at its finest here. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped, massively hiped with added body in a perfectly structured skeleton, and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only on our herd, but also across the whole breed. 9275 currently has 14 sons that are working in major registered operations. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

sister was the \$150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Mill Brae Iden Georgina 4086 sold for \$210,000 for one-half interest for a \$420,000 valuation in the 2023 Your Maternal Source Female Sale, making her the top-selling female of the event. She is the Dam of J Trademark 1037, a featured herd sire at the Coleman Angus and Conley Cattle programs. Trademark has been one of the most sought-after young herd bulls, with semen selling to many of the leading registered herds across the United States. 4086 has a progeny record of BR 7/99, WR 7/103, and YR 5/103. When you combine Calving Ease, Growth, Marbling, and \$ Values, she is the #1 cow in AHIR her age or older. 4086 did this the old-fashioned way, in the pasture and through her progeny. Coleman Rock 7200 was the \$240,000 record selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape with added performance in the right size package. His offspring have

Coleman Rock 7200
Sire of Embryos

tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for \$M. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 9209 is a Pathfinder female. She records a progeny production record of BR 4/100, WR 4/116, and YR 4/115. Coleman Donna 9209 is the definition of Maternal. A daughter of Density 4336 back to the \$60,000 Coleman Donna 6143. "9209" is one of the closest descendants we have going back to our original Donna female "J311". "9209" has a perfect udder, always raises one of our biggest calves at weaning. "9209" has bred first straw AI every year of her life, has excellent feet, and is a maternal sister to Coleman Donna 8284 the \$32,500 one-half interest feature through our 2023 Your Maternal Source Sale. We do not sell many embryos out of 9209, so pay attention here. We have a great set of ET calves out of her this spring, and her natural calf is a stand-out again. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in

We do not sell many embryos out of 9209, so pay attention here. We have a great set of ET calves out of her this spring, and her natural calf is a stand-out again. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped, massively hiped with added body in a perfectly structured skeleton, and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman

Coleman Maternal Balance3734

Coleman Eriskay 291 has been an incredible female for us. She is the dam of Coleman Navigator 614, a proven bull that has produced both a very good set of daughters for us and sons that have topped our sales. Navigator throws as much true muscle as any bull we have used. Navigator semen was sold out for a period but is now available! Before being used as a donor, 291 had a calving interval of 367 days on 6 calves. She currently has a progeny production record of BR 8/88, WR 8/105, and YR 8/103. She has a perfect udder and is long-sided, deep-ribbed, and very complete. It is not very often that you have a female that has a very low birthweight like 291 while still throwing extreme performance! Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for \$175,000 for 1/3rd interest in our 2024 Spring Bull Sale, for a valuation of \$525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as of a bull as we've seen in a long time." He is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression.

Hummel Palermo SA
Sire of Embryos

Palermo sired two of the best bulls we have ever made here in Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. These will be some of the very first embryos ever sold at auction out of Palermo. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

She has a perfect udder and is long-sided, deep-ribbed, and very complete. It is not very often that you have a female that has a very low birthweight like 291 while still throwing extreme performance! Coleman Platinum sold for \$170,000 to TK Angus and Arrowsmith Red Angus, both in Nebraska. Platinum is one of the greatest breeding accomplishments in the history of our program. His first set of calves here at the Ranch are tremendous, visitors have loved them all year. Platinum has a great future ahead of him. Platinum has been a standout from day one. Platinum presents tremendous depth of body with loads of muscle and masculinity in an extremely sound-structured, herd bull package. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. “9365” has a calving interval of 367 days on her first 3 calves, BR 4/91, NR 4/102, and YR 4/106. “9365” was a major highlight in our 2023 “Your Maternal Source Female Sale”. “9365” is a full brother to Glacier 041 in blood. She sold to Allen Brothers Cattle in OR for \$100,000 valuation. 9365’s dam was a Pathfinder female here, and a flush sister to Donna 439. 9365 has a beautiful udder, great feet, tremendous mass, power, and performance. We are extremely excited to get ET calves on the ground out of her, we feel like she has a lot of potential. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada.
