**COLEMAN ANGUS**  
YOUR MATERNAL SOURCE

Larry & Dee Coleman Family  
406-240-2751

Jeremy & Jenny Haag Family  
406-833-0117

Dear Friends,

We invite you to join us for our May 26th COLEMAN ANGUS ONLINE SPECIAL LIMITED EMBRYOS SALE hosted by [www.AngusLive.com](http://www.AngusLive.com). These embryos are selling "as-is" with no guarantee due to the limited number produced per mating. They have all been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

We urge you to study this catalog and, if you have any questions, please feel free to reach out to any of us here at the ranch as we would love to discuss the donors and matings with you and how they have worked for us in our own program.

Note: Embryos are stored at TransOva in Iowa and will be released into the new buyer's name/account once payment has been received by Angus Live. Buyer is responsible for paying for shipping costs through TransOva.

Thank you for your interest in our program, and please let us know if you have any questions.

Sincerely,

Larry Coleman  
406.240.2751

Jeremy Haag  
406.833.0117

## **YOU WILL NEED TO CREATE A NEW ACCOUNT, IF YOU HAVE NOT ALREADY, IN ORDER TO BID IN ANGUS LIVE AUCTIONS.**

1. Go to <https://anguslive.com>
2. In the upper right corner, click the black "Sign In" box
3. A "Sign In" box will pop up. Click "Sign Up" in green text after the "Need to create an account?"
4. Just follow the prompts! Once you have completed the requested information, an automated verification email from us will then be sent to the email that you signed up with. Click on the "Confirm Email" link highlighted in the email from us to finalize your registration.
5. You are now able to bid in any auction and access your bidder portal (Buyers link in the heading) when you win.

Any issues with signing up or signing in on AngusLive.com please email [sales@anguslive.com](mailto:sales@anguslive.com).

Our bidder portal is a quick-access hub to your auction wins and invoices. We'll store the record for you of lots you've won and invoices against the account you bid with.

**VISIT [WWW.ANGUSLIVE.COM](http://WWW.ANGUSLIVE.COM) FOR MORE INFORMATION**

Coleman Donna 8146 is the all-time, record-selling female in Coleman Angus history selling one-half interest for \$375,000 for a \$750,000 valuation to ZWT Ranch of Tennessee in the 2023 Your Maternal Source Female Sale. She has a progeny production record of BR 4/92, WR 4/109 and YR 4/109. Full sisters to 8146 include the \$90,000 valued Coleman Donna 4203, who in turn produced Coleman Banker 9215 who sold one-half interest at \$75,000 for a \$150,000 valuation through the 2020 Your Maternal Source Female Sale going to Voss Angus of Iowa. Another full sister of 8146 is Coleman Donna 8147, the grandam of Coleman Below Zero 2106, the featured GENEX Beef AI Sire who sold one-half interest at \$150,000 for a \$300,000 valuation. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

Coleman Donna 0153, a wonderful five-year-old female who has established herself as one of the great young producers in the program. Her first natural calf was the top-selling bull of the 2023 Spring Bull Sale, Coleman Below Zero 2106, who sold one-half interest at \$150,000 for a \$300,000 valuation going to Janssen Angus of Iowa, Marshall & Fenner Farms of Missouri, Southall Farms of Tennessee, and GENEX Beef of Wisconsin. She has a wonderful progeny production record of BR 2@92, WR 2@107, YR 2@106 and a calving interval of 365 days. She has generated \$52,500 on eight head to average \$65,188 in past Coleman Angus sales. Coleman Donna 4203, a full sister to the dam, was a past Lot 1 female who sold one-half interest at \$45,000 for a \$90,000 valuation to Fish Creek Ranch of Montana. She produced the \$150,000 valued Coleman Banker 9215; the \$310,000 valued top-selling two-year-old female from the 2023 Your Maternal Source Sale, Coleman Donna 1430; the \$90,000 valued Coleman Donna 9220, who was the featured Lot 1 female of the 2021 fall production sale going to Richburg Angus of Texas; the \$37,500 Coleman Donna 9310; the \$32,500 Coleman Donna 2416; the \$27,500 Coleman Donna 2439; the \$27,500 Coleman Donna 2460; and the \$27,500 Coleman Donna 2478. Coleman Donna 8146, a full sister to the donor, was the 2023 lead-off female in the Your Maternal Source Sale where she set a new Coleman Angus record as the highest valued female ever sold at the ranch when she brought \$375,000 one-half interest for a \$750,000 valuation to ZWT Ranch of Tennessee, and her heifer calf at her side was the second top-selling heifer calf of the day at \$100,000 going to Jocko Valley Ranch of Montana. Her dynamic grandam, Coleman Donna 714, is one of the most heralded females of the breed and has generated at Coleman Angus \$3.5 on 169 head to average \$20,674. She is the mother of an array of AI sires that include: Bravo, Rock, Resolve, Summitt, Regis, Charlo 3212, Knight, Venture, Manning, Juneau 044, and Playmaker. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Donna 1430 is one of the most beautiful females we have ever had here on the ranch. She is the mother to the \$135,000 feature at the recent LT Bull Sale in South Dakota. Since she was a calf, she has been a standout and one that every visitor here finds. We are excited to be working with Lindskov LT Ranch in SD on the future of "1430". 1430 Was our top-selling 2-year-old female in our recent "Your Maternal Source" Female Sale, where ½ interest in her sold for \$155,000 for a \$310,000 valuation. She will take one of the best photos we have ever taken here after her next calf, this is the kind that will move any progressive program to the next level. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Donna 1448, a wonderful female who sold in the fall 2023 Your Maternal Source Sale and was the second top-selling two-year-old of that sale; she brought \$120,000 one-half interest for a \$240,000 valuation going to Ingram Angus of Tennessee. This female, nicknamed "Madonna," has started to build a name for herself as one of the really good young donors here at the ranch. She is a daughter of the Canadian sire, Bar E-L Natural Law, back to the legendary Coleman Donna 439. Her full sister was the \$30,000 featured yearling heifer and her mother was the featured Lot 1 female through that same event who sold one-half interest at \$175,000 for a \$350,000 valuation to K&M Cattle of Indiana. Her mother is the \$1 million producer and the mother of the record-selling Coleman Glacier 041. Other maternal sibs include the \$360,000 top-selling Coleman Donna 264, the \$240,000 Coleman Donna 046, the \$110,000 valued Coleman Mission 1447, and the Coleman herd sire Coleman Ace 989. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

Coleman Donna 028 is a full sister to the \$270,000 record-selling Coleman Glacier 041 and is a daughter of the Pathfinder sire, SAV Renown 3439, back to the Pathfinder dam, Coleman Donna 439. She was the third top-selling pair of the 2024 Coleman Angus Your Maternal Source Sale where she sold for one-half interest for \$97,500 for a \$195,000 valuation. She produced a \$30,000 heifer calf the same day, Coleman Donna 4177. This featured female has a progeny production record of BR 4@93, WR 4@110, YR 3@111 and has a calving interval of 366 days. She stems from a Pathfinder dam with a progeny production record of BR 6@92, WR 6@106, YR 6@106 and 19 daughters in production with an average nursing ratio of 105. She has a \$M value in the Top 1% of the breed. Coleman Donna 439, her dam, is a cornerstone female of the program who was the featured Lot 1 female of the 2023 Your Maternal Source Sale where she sold one-half interest at \$175,000 for a \$350,000 valuation to K&M Cattle of Indiana; she has generated \$1,241,750 on 43 head and has average \$28,878 in past Coleman Angus sales. Coleman Mission 1447, a maternal brother, was the \$55,000 second-high-selling fall bull of the 2023 spring bull sale going to Gaugler Angus Ranch of Montana. A full brother, Coleman Ranger 029, was the \$30,000 feature through the 2021 spring bull sale going to Little Goose Ranch of Wyoming. Full sisters of this female include Coleman Donna 046, the \$120,000 one-half interest for a \$240,000 valuation feature through the 2022 Your Maternal Source Sale going to Ingram Angus of Tennessee. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Donna 9365 has a progeny production record of BR 3/91 NR of 4@102 and YR of 4@106. She was one of the most talked about females in our 2023 Your Maternal Source Female Sale this past fall. She is a full sister-in-blood to Glacier 041. She sold to Allen Brothers Cattle in Oregon for a \$100,000 valuation. Her dam was a Pathfinder female here and a flush sister to Donna 439. She has a beautiful udder and great feet with tremendous mass, power, and performance. We are extremely excited to get ET calves on the ground out of her, we feel like she has a lot of potential. In a past embryo sale, we sold embryos to Raml Cattle and two of those eggs went on to be the second top-selling bull at \$50,000 and third top-selling bull at \$30,000. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

Coleman Donna 7100 is a Pathfinder female who has production records of 4/97 for BR, 4/110 NR, 3/109 YR, and is the \$70,000 valued donor owned with Shady Brook Angus of Leoma, Tennessee. She has one of the best sets of ET calves here this spring, and she is certainly making here mark here! She is the dam of our herd bull, Coleman Logo 947, that Little Goose Ranch of Wyoming bought spring possession from us in our 2020 bull sale. She also produced the top-selling heifer calf of the 2023 Shady Brook Spring Sale going to Bucksnot Ranch of Tennessee at \$18,000. She is extremely long bodied with tons of power and an excellent udder. I feel she is one of the really good young females on the ranch here. Her full sisters include the \$120,000 Coleman Donna 504, the \$120,000 Coleman Donna 7231, and Coleman Donna 7232. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

Coleman Donna 5207 is a Pathfinder female with a progeny production record of BR 7/97, WR 7/109 and YR 6/110. She is extremely angular, deep sided, and has a perfect udder and long, level hip. She continues to breed back first straw AI and produces at least one of our best calves each year. A pedigree with the type and kind that this female represents is really hard to find in the breed. The consistency that this female exhibits each and every year is second to none. At 11 years of age she could have the best calf at her side that she has ever raised. She ranks in the Top 10% of the breed for \$M. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Chloe 302 is one we are really excited about. Very seldom do we flush this young, but we feel she has the potential to run with her mother. Chloe 302 weaned her first calf with a BR of 96 and WR of 119 and bred back AI for her second calf. She is the mother to the \$35,000 Coleman Explorer 5141, who was selected by Bucksnot Ranch of Tennessee. Here is your opportunity to get ahead of the game on some of the freshest genetics we have ever offered here in our embryo auction. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Chloe 322 is a young productive three-year-old female that is breathtaking in her design. She is one of the best young daughters of all time by the record-selling female in Coleman Angus history, Coleman Chloe 9275. It is very rare that we offer embryos out of such a young donor but here is an opportunity to acquire genetics out of the freshest genetics at the ranch. She has a progeny production record of BR 1@82, WR 1@115, YR 1@111. She ranks in the Top 1% for \$M at +128. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Chloe 034 was the top-selling bred heifer in our 2021 Your Maternal Source Sale for \$150,000 to Ingram Angus in TN for a \$300,000 valuation. Ingram Chloe 2980, a daughter, was the lead off female of the 2023 Ingram Angus Fall Production sale where she sold one-half interest for \$65,000 for a valuation of \$130,000. Another daughter was the \$31,000 second top-selling heifer of the 2023 Ingram Angus Spring Production Sale. Coleman Ambassador, one of the her first sons to sell, recently sold one-half interest at \$75,000 for a \$150,000 valuation to the Ambassador Group of Oklahoma through the 2024 Coleman Angus Spring Bull Sale. She has a production record of BR 4/88, WR 4/109, and YR 4/108 with a calving interval of 368 on her first calves four calves. She has generated \$219,500 on 12 head to average \$18,291 and ranks in the Top 1% for \$M. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

Coleman Echo 122 was the \$26,000 one-half interest highlight of the 2023 Your Maternal Source Sale going to Circle K Farms of Tennessee. She is a direct daughter of the record-selling Coleman Bravo 6313 back to PM Echo 8'16. Her dam is a famous cow in Canada who was selected as the 2017 Canadian Agribition Reserve Grand Champion Female, the 2018 Canadian Agribition Grand Champion Female, and the 2018 RBC Supreme Champion. She raised her first natural calf this summer and did a wonderful job with a WR 2@108 and YR 2@111. Females are hard to find made like this. She is so angular with a wonderful look and beautiful udder, and it would be hard to draw one much better. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

PM Echo 8'16 is deemed one of the great females in Canada and a female we have built around. Coleman Echo 122, a daughter, was the \$26,000 one-half interest highlight of the 2023 Your Maternal Source Sale going to Circle K Farms of Tennessee. This donor dam was selected as the 2017 Canadian Agribition Reserve Grand Champion Female, the 2018 Canadian Agribition Grand Champion Female, and the 2018 RBC Supreme Champion. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. Coleman Eriskay 291 has been a particularly good female here. She is the dam of Coleman Navigator 614, a proven bull who is leaving an extremely good set of daughters here and whose sons have been topping our sales; Coleman Navigator 614 throws as much true muscle as any bull we have ever used here. Coleman Eriskay 291 has six calves with a calving interval of 367, BR 8/88 NR 8/105 and YR 7/101. She has a perfect udder and is long sided, deep ribbed, and complete. Not very often do you have a female that is extreme low BW like her and then throws this much performance, complimented by an outcross pedigree. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

Coleman Everelda Entense 9229 is a high octane donor with tremendous maternal genetics and has a production record of WR 4@113, YR 4@115. She sold through the 2023 Your Maternal Source Sale at \$25,000 one-half interest for a \$50,000 valuation. She has one of the great maternal pedigrees blending Density, Rainmaker 654X, Wulffs EXT, and Right Time. Her third dam is the \$54,000 past top seller, Sitz Everelda Entense 4789. She sold two daughters through the same event, the \$22,500 Coleman Everelda Entense 1603 and the \$14,000 Coleman Everelda Entense 2609. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Everelda Entense 2406 is a Pathfinder donor female and direct daughter of Coleman Juneau 044 back to the foundation Everelda Entense in our program, BT Eveleda Entense 613L. Ingram Everelda Entense 7621, a daughter, sold one-half interest at \$40,000 for a \$80,000 valuation in the 2021 fall production sale at Ingram Angus; through that same event, she produced the top-selling bull at \$37,000 one-half interest for a \$74,000 valuation, Ingram Intensity 0300, who is enrolled at Breeders Link. Everelda Entense 2406 is a flat out producer as she records a progeny production record of BR 8@94, WR 8@109, YR 6@104, and IMF 2@110. Ingram Intensity 0300, a grandson, was the \$74,000 valued top-selling bull of the 2021 Ingram Angus Fall Production Sale. This outstanding individual is loaded with dimension, body, and extra muscle shape in a sound-structured, attractive package. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.

Coleman Dixie Erica 7117 is a favorite at the ranch and stunning from every angle. She is a female that is big ribbed with tremendous hip and hind leg in an easy-fleshing, moderate package. She has a progeny production record of BR 4@91, WR 4@104, YR 4@104 and her first four calves in a 365-day window. This pedigree is stacked, top and bottom, for maternal genetics. She is one of the top end Dixie Erica females in the program. She ranks in the Top 3% of the breed. Embryos are stored at Trans Ova Genetics in Iowa. These embryos are selling as-is with no guarantee due to the limited number produced per mating. They have been handled with the same care and protocols as all embryos in our previous sales; however, they are not eligible for replacement.

Mill Brae Iden Georgina 4086 sold one-half interest at \$210,000 for a \$420,000 valuation in the 2023 Your Maternal Source Female Sale, making her the top-selling female of the event. She is the dam of J Trademark 1037, a featured herd sire in the Coleman Angus and Conley Cattle programs; Trademark has been one of the most sought after young herd bulls with semen selling to many of the leading registered herds across the United States. 4086 Has a progeny record of BR 8/97, WR 8/104 and YR 6/104. When you combine Calving Ease, Growth, Marbling, and \$ Values, she is the #1 cow in AHIR her age or older and 4086 did this the old-fashioned way, in the pasture and through her progeny. She has an impressive \$C of +370 that ranks her in the Top 1% of the breed. Embryos are stored at Trans Ova Genetics in Iowa. Embryo sells as-is with no guarantee due to the limited number produced per mating but has been handled with the same care and protocols as all embryos in our previous sales; however, not eligible for replacement.
