## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Donna 199 is a Pathfinder female and one of my all-time favorite females that we have ever had. She records a progeny production record of BR 3/90, WR 3/107, and YR 3/106. 199 is the dam of the \$140,000 ½ interest Coleman Statement 5120 who sold to Fintail Ranch in MT. Statement is a bull that we used heavily in our ET program and AI program here this spring and we feel has a tremendous future. 199 is very wedgy, perfect udder, with a long level hip, the kind we love here. 199 has another excellent calf on her this spring, and we are excited to get a big set of ET calves out of her next spring. These will be the first embryos we have ever sold out of 199, and they are full sibs to Statement 5120. We do not have a photo of 199 yet but will have one here shortly. I feel that these embryos have as much tomorrow in them as any we have ever sold to date. 199 is also my favorite flush sister to Coleman Banker 9215 that we have ever made here. The sire of these embryos, Coleman Resource 708, is a bull that reminds me of the early days when bulls proved themselves in the pasture one calf at a time, and everyone started calling them by their tattoo number. We bred him to a bunch of females and have been flushing him to our top donors. We watched 708 and his progeny since we sold 708 to Gaugler Angus in Montana. 708's dam is 10 years old, a fourth-generation donor here for

Coleman Resource 708  
Sire of Embryos

us, and has perfect feet, a perfect udder, and is moderate and very maternal. 708 has perfect feet also, and his daughters have perfect feet and udders, are extremely fertile, and raise big calves and breed back early. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Bar-E-L Bride 28C is sired by Bar-E-L Natural Law 52Y and is considered by many to be his greatest daughter. 28C headlined the 2022 Open Book Invitational at Brooking Angus Ranch in Canada and became the top-selling female of the event. She sold a \$75,000 flush in the 2023 Your Maternal Source Female Sale and has created quite a stir at Coleman Angus with visitors who saw her. 28C reads with an exquisite phenotype, beautiful udder, massive rib shape, and a beautiful, elegant front-end extension in a very complete, fault-free, high-quality package. It is very seldom that we buy outside genetics unless we feel they can move our program, but 28C fits the mold and style we love here! Coleman Glacier 041 is currently the #1 bull for \$M in the whole breed that has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, structure, while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have 3 flush sisters to Glacier here at the Ranch and every one of them is Pathfinders: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, probably as good of set of flush sisters as

Coleman Glacier 041  
Sire of Embryos

we have ever had here. We believe it all starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos are exportable to Canada.

It is very seldom that we buy outside genetics unless we feel they can move our program, but 28C fits the mold and style we love here! Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales. A full

Coleman Program 593

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Donna 1448 has been a favorite on the ranch since she was a young calf. 1448 has acquired the nickname "Madonna" and has always been a visitor favorite! She sold one-half interest for \$120,000 for a \$240,000 valuation in the 2023 Your Maternal Source Female Sale to Ingram Angus of Tennessee. 1448 recorded a BR of 88 and WR of 102 on her first calf while staying in excellent shape and maintaining a perfect udder. She is a female that gets better as she ages, with a massive amount of rib shape and stoutness for a two-year-old nursing her first calf. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 for 1/2 interest to Montana Ranch and Canadian sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring,

Coleman Avalanche 487  
Sire of Embryos

ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 504 has been a visitor favorite since she was a calf. She has done a tremendous job on her calves, which have been some of the favorites in our bull and female sales. She records a progeny production record of BR 4/89, WR 4/110, and YR 4/111. 504 has generated \$600,000 on 50 head to average \$12,000. Her sons topped our 2021 Bull Sale, with many going to registered breeders across the United States. Coleman Platinum sold for \$170,000 to TK Angus and Arrowsmith Red Angus, both in Nebraska. Platinum is one of the greatest breeding accomplishments in the history of our program. His first set of calves here at the Ranch are tremendous, visitors have loved them all year. Platinum has a great future ahead of him. Platinum has been a standout from day one. Platinum presents tremendous depth of body with loads of muscle and masculinity in an extremely sound-structured, herd bull package. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only in our herd, but also across the whole breed. 9275 currently has 14 sons that are working in major registered operations. He is seeing tremendous use here in our program. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Donna 7231 is one of my very favorite daughters of 714 we have ever had. She resembles her mother more than any other daughter we have ever had. She is a tick stouter than Donna 714. She was a female that I never wanted to sell, and if it were not for our complete dispersal of our summer calving unit in 2023, we would not have sold half interest in her. 7231 is a Pathfinder female who has a calving interval of 366 days on her first five calves and a progeny production record of BR 5/96, NR 6/107, and YR 6/105. She has a perfect udder, very long-spined, perfect feet and very wedge-shaped. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped, massively hiped with added body in a perfectly structured skeleton, and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Coleman Donna 7231 is one of my very favorite daughters of 714 we have ever had. She resembles her mother more than any other daughter we have ever had. She is a tick stouter than Donna 714. She was a female that I never wanted to sell, and if it were not for our complete dispersal of our summer calving unit in 2023, we would not have sold half interest in her. 7231 is a Pathfinder female who has a calving interval of 366 days on her first five calves and a progeny production record of BR 5/96, NR 6/107, and YR 6/105. She has a perfect udder, very long-spined, perfect feet and very wedge-shaped. Coleman Rock 7200 was the \$240,000 record selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape with added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a

Coleman Rock 7200  
Sire of Embryos

sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for \$M. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Chloe 302 is one we are really excited about. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 302 weaned her first calf with a BR of 96 and WR of 119 and bred back AI for her 2nd calf. 302's first calf is a bull sired by Glacier and he has the look and potential to be a major herd-sire candidate. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales. A full sister was the \$150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source

Coleman Program 593  
Sire of Embryos

Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Chloe 302 is one we are really excited about. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 302 weaned her first calf with a BR of 96 and WR of 119 and bred back AI for her 2nd calf. 302's first calf is a bull sired by Glacier and he has the look and potential to be a major herd-sire candidate. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 for ½ interest to Montana Ranch and Canadian sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we

Coleman Avalanche 487  
Sire of Embryos

would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Chloe 322 is one of very favorite young females here. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 322 weaned her first calf with a BR/82, WR/115 and YR/111 and bred back AI for her 2nd calf. 322's 2nd calf is very good, and we are very excited for her future here. We have a set of flush calves on the ground out of 322 that are so me of our favorites. We love our Glacier daughters. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. We are very excited about this mating, combining two of the greatest female making sires we have ever made along with Chloe 9275. These embryos are sired by the now-deceased Coleman Banker 9215, a bull we kept to use in our program. The visitors have loved him here this summer. Banker is extremely impressive, exceptionally smooth, extremely sound on the move, stout, with about as much rib shape and depth as you can put in one. Banker's flush sisters that calved here this summer are as impressive as anything we have ever calved here. Some of our

Coleman Banker 9215  
Sire of Embryos

favorite young cows here are sired by Banker and we are very excited to go back and use him. If you have never seen the Banker females here, we would invite you to look at them. We have gone back and bred a really good set of heifers to Banker this spring and have been flushing some of our very best females to him also. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Dixie Erica 1154 is one of my favorite young females on the Ranch. She was a feature of our 2024 "Your Maternal Source" Female sale and sold for \$60,000 for ½ interest to Charlie Carpenter in Texas. She has done an excellent job on her first three calves, BR of 3/92, WN 3/111, and YR 2/103. She has bred 1st straw AI on her first 4 calves. Her dam was one of my favorite females also and had the misfortune of slipping on some ice and broke her back leg. Her Grandma was also a tremendous female here, and her genetics are spread all across the US and Canada. 1154 is the 5th consecutive donor and traces back to our Foundation Dixie Erica here at Coleman Angus. 1154 is fault-free in her design, has a beautiful udder, extremely good on her feet, and will catch everyone's eye when they see her in the pasture. Coleman Revenue 5142 was the \$100,000 featured Lot 1 bull of our 2026 bull sale. He is an elite calving-ease bull with double-digit calving-ease direct, negative birth, tremendous spread from birth to yearling and an elite \$M value, which makes him a rare combination along with being a phenotypic standout as he has a beautiful pattern and design in a fault-free, high-quality package with added volume and thickness for a calving-ease sire. Revenue's dam, Coleman Chloe 303, is a beautiful three-year old female and a maternal masterpiece, with a picture-perfect udder.

Coleman Revenue 5142  
Sire of Embryos

Revenue was her first calf, and she has another standout on her again this spring. 303 has been a visitor favorite here at the ranch. Revenue's grandmother, Coleman Chloe 9275, is the iconic herd sire-producing female who has generated over \$2 million in progeny sales at Coleman Angus. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Donna 028, a Pathfinder female, she has a progeny production record of BR 4/93, WR 4/110, and YR 2/111, with a calving interval of 366 days on her first 4 calves. Coleman Donna 028 is a flush sister to Coleman Glacier 041, the top-selling bull of the 2022 Spring Bull Sale. "028" was a feature in our 2024 Your Maternal Source Female sale, selling one-half interest for \$97,500 to the partnership of Southall Angus, TN, and H2O Cattle in IN. "028's" heifer calf was a visitor favorite all year last year and sold for \$30,000 to John Ferguson in OH. "028" has another great calf on her this spring and is well on her way to becoming one of the great "Donna" females we have had the opportunity to work with. We have (3) flush sisters to Glacier here, all (3) are pathfinders, and have been as good a set of sisters as we have ever had the opportunity to work with. Coleman Rock 7200 was the \$240,000 record selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape with added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-

Coleman Rock 7200  
Sire of Embryos

structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for \$M. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Chloe 975 has been a visitor favorite since she was a calf. She has a progeny production record of BR 4/99, WR 4/106, and YR 3/108. She is a flush sister to Coleman Triumph 9145, the top-selling bull of the 2020 Your Maternal Source Female Sale, where he sold for \$225,000 for one-half interest for a \$450,000 valuation. 975 was the top-selling female in the 2019 Your Maternal Source Female Sale, selling for \$60,000 for one-half interest for a \$120,000 valuation to Jocko Valley in Montana. 975's offspring have generated as much talk and excitement as any at the ranch. Her daughters include the top-selling open heifer of the 2023 Your Maternal Source Female Sale, Coleman Chloe 2527, selling for \$160,000 to Lindskov's LT Ranch of South Dakota. Other daughters include the \$40,000 Coleman Chloe 268 and the \$40,000 Coleman Chloe 274, which sold to Sullivan Farms of Iowa. 975's ET calves and natural calves continually blow us away. She is truly as consistent as any cow we have ever owned. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 for 1/2 interest to Montana Ranch and Canadian sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd

Coleman Avalanche 487  
Sire of Embryos

bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

She is truly as consistent as any cow we have ever owned. Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for \$175,000 for 1/3rd interest in our 2024 Spring Bull Sale, for a valuation of \$525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as of a bull as we've seen in a long time." He is as impressive of a bull as you will find with Angus

Hummel Palermo SA  
Sire of Embryos

breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best bulls we have ever made here in Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. These will be some of the very first embryos ever sold at auction out of Palermo. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 5207 is a Pathfinder female with a progeny production record of BR 7/96, WR 7/109, and YR 5/109. She is extremely angular, deep-sided, and has a perfect udder and long, level hip. She continues to breed back first straw AI and produces at least one of our best calves each year. Donna 5207 at 10-years of age, just weaned one of our heaviest heifer calves out of Platinum and bred back AI to calve next spring. "5207" continues to get better each year, maternal at its finest here. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped, massively hipped with added body in a perfectly structured skeleton, and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only on our herd, but also across the whole breed. 9275 currently has 14 sons that are working in major registered operations.

“9365” has a calving interval of 367 days on her first 3 calves, BR 4/91, NR 4/102, and YR 4/106. “9365” was a major highlight in our 2023 “Your Maternal Source Female Sale”. “9365” is a full brother to Glacier 041 in blood. She sold to Allen Brothers Cattle in OR for \$100,000 valuation. 9365’s dam was a Pathfinder female here, and a flush sister to Donna 439. 9365 has a beautiful udder, great feet, tremendous mass, power, and performance. We are extremely excited to get ET calves on the ground out of her, we feel like she has a lot of potential. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales. A full sister was the \$150,000 valued second top-selling

Coleman Program 593  
Sire of Embryos

heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Donna 7181 is the Coleman kind. Moderate, easy fleshing, big barreled, and stout made best describes this great donor female. She is a daughter of Coleman Charlo 0256 back to Coleman Donna 197. This donor female has a progeny production record of BR 4@97, WR 4@107, YR 3@111 with one daughter in production with a nursing ratio of 107. Her first calf she produced was the top-selling open heifer calf at \$24,000; her second natural calf was the top-selling heifer calf the following year at \$21,000. She is a big-time producer that makes cattle very consistent and the kind you will love, low maintenance, highly productive, and with excellent phenotype. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped, massively hiped with added body in a perfectly structured skeleton, and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch. She has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only on our herd, but also across the whole breed. 9275 currently has 14 sons that are working in major registered operations. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos are exportable to Canada.

Coleman Donna 8231 is a Pathfinder female. She records a progeny production record of BR 4/99, WR 4/105, and YR 3/107. 8231 has an extremely good Palermo bull calf on her this spring. 8231 is a valuable breeding piece here and was a feature in our 2022 Maternal Source Female Sale, where one-half interest in her sold to H2O Cattle Company. 8231 has is as stout and massive as we have made one, extremely productive, and an exceptionally good producer. Her mother, Donna 0308 is one of our all-time favorite females in the history of our program, she is currently 16 years of age, and still excellent feet and udder under her. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000

Coleman Program 593  
Sire of Embryos

on 27 head in past Coleman Angus sales. A full sister was the \$150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 7232 has a progeny production record of BR 4/99, WR 4/108, and YR 3/106. This SAV Resource 1441 x Coleman Donna 714 mating has been one of the best matings made on the ranch. 7232 is an extremely long, big-hipped female with a beautiful udder. She continually throws a tremendous amount of performance in her progeny. We feel she has the potential to make an incredible herd bull. Coleman Rock 7200 was the \$240,000 record selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The Cattlemen's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape with added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for \$M. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

## Online EMBRYO Auction Closes June 9th | 7:00 PM (MDT)

Coleman Eriskay 291 has been an incredible female for us. She is the dam of Coleman Navigator 614, a proven bull that has produced both a very good set of daughters for us and sons that have topped our sales. Navigator throws as much true muscle as any bull we have used. Navigator semen was sold out for a period but is now available! Before being used as a donor, 291 had a calving interval of 367 days on 6 calves. She currently has a progeny production record of BR 8/88, WR 8/105, and YR 8/103. She has a perfect udder and is long-sided, deep-ribbed, and very complete. It is not very often that you have a female that has a very low birthweight like 291 while still throwing extreme performance! Coleman Poncho 9426 is one of the most unique bulls we have ever made here. He is another bull we kept to use here in the program. Poncho was the high selling bull in our 2021 Your Maternal Source Female Sale, and his calves are extremely good. Poncho is a changer for sure, and we feel he has even more muscle and power than his sire did at this age. Visitors here have loved him, and semen demand has been worldwide for him.
