

COLEMAN ANGUS
YOUR MATERNAL SOURCE

A black Angus cow stands in a lush green field, looking towards the camera. The cow has a yellow ear tag and the number '9412' is painted on its side. In the background, another cow is grazing. The entire scene is framed by a thin white border.

Coleman Donna 0153 is a Pathfinder female who has a calving interval of 364 days on her first four calves and a progeny production record of BR 4/87, WR 4/108, and YR 3/105. She has established herself as one of the great herd sire-producing females in Coleman Angus history and is the dam of the \$150,000 one-half interest Below Zero 2106, a featured member of the GENEX Beef AI Stud along with Marshall & Fenner Farms of MO and Janssen Angus of IA. 0153 is also the dam of the \$250,000 one-half interest Coleman Avalanche 487, who sold to Montana Angus Ranch in MT and Canadian Sires in Canada. 0153 Was the lead off Lot 1 female of our 2024 Maternal Source Sale where one-half interest in her sold for \$185,000 to Ingram Angus in TN. Very seldom do we sell embryos out of 0153, so pay attention here. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure

Coleman Program 593

Sire of Embryos

and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales and a full sister was the \$150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program!

These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been reverse sexed for females, 90-95% accurate.

Bar-E-L Bride 28C is sired by Bar-E-L Natural Law 52Y and is considered by many to be his greatest daughter. 28C headlined the 2022 Open Book Invitational at Brooking Angus Ranch in Canada and became the top-selling female of the event. She sold a \$75,000 flush in the 2023 Your Maternal Source Female Sale and has created quite a stir at Coleman Angus with visitors who saw her. 28C reads with an exquisite phenotype, beautiful udder, massive rib shape, and a beautiful, elegant front-end extension in a very complete, fault-free, high-quality package. It is very seldom that we buy outside genetics unless we feel they can move our program, but 28C fits the mold and style we love here! She has a progeny production record of WR 1@112 and YR 1@109. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our 2025 "Your Maternal Source Sale." Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and

Coleman Avalanche 487
Sire of Embryos

froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been reverse sexed for females, 90-95% accurate. These embryos are exportable to Canada.

It is very seldom that we buy outside genetics unless we feel they can move our program, but 28C fits the mold and style we love here! She has a progeny production record of WR 1@112 and YR 1@109. Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for \$175,000 one-third interest in our 2024 Spring Bull Sale for a valuation of \$525,000. He has been a visitor favorite here the past couple of years with many telling us, "He's as good of a bull as we've seen in a long time." He truly is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best bulls we have ever made here, Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.**

She has a perfect udder with perfect feet and is very long spined and very wedge shaped. Coleman Platinum sold for \$170,000 to TK Angus and Arrowsmith Red Angus, both in Nebraska. Platinum is one of the greatest breeding accomplishments in the history of our program. His first set of calves here at the Ranch are tremendous; visitors have loved them all year. Platinum has a great future ahead of him. He has been a standout from day one and presents tremendous depth of body with loads of muscle and masculinity in an extremely sound-structured, herd bull package. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch; she has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman

Coleman Platinum 2622
Sire of Embryos

Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Coleman Granite. Chloe 9275 is having a major impact not only in our herd, but also across the whole breed and currently has 14 sons that are working in major registered operations. Platinum is seeing tremendous use here in our program. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. Coleman Donna 0177 is a Pathfinder female who has a calving interval of 366 days on her first four calves and a progeny production record of BR 4/91, NR 4/112, and YR 4/108. 0177 has bred first straw AI every year of her life and had an excellent calf on her again this spring. First time we have ever sold embryos out of her and will not be selling many as some of our very favorite embryo calves this spring are out of her. One of my very favorite females we sold last fall was a daughter of 0177, Coleman Donna 4227, that went to Ingram Angus in TN for \$32,000. "4227" was the lead off female in Ingram Angus's sale this spring and sold for \$75,000 for ½ interest. Ingram Angus also offered a flush out of Coleman Donna 4227 that sold for \$20,000 to Boyd Cattle in KY. "0177" has a perfect udder, extremely long, big level hip, thick topped and very wedgy. 0177 has done a wonderful job on her calves here, one of my very favorite three-year old females here is a sister to "4227." Pay attention here, 0177 is one of the very favorite young females on the ranch, and one we are building around. We put a bunch more embryos in this spring out of 0177. Coleman Security was the second high-selling bull of the 2025 Coleman Spring Bull Sale where he sold for \$225,000 to Voss Angus. He is a very unique

Coleman Security 428

Coleman Donna 0298, a Pathfinder dam who has a progeny production record of BR 7/98, WR 8/108, YR 8/107 and 20 daughters in production with an average nursing ratio of 102. She is a full sister to Coleman Donna 0308, a Pathfinder dam who ranks as one of the top \$M females in the breed for AHIR and being a Pathfinder. This donor female is a full sister-in-blood to the \$480,000 Coleman Rock 7200. She is an elite donor female who is also a full sister-in-blood to the \$27,000 Coleman Donna 7198, the \$60,000 valued Coleman Donna 7201, the \$68,000 Coleman Donna 769, the \$20,000 Coleman Donna 756, and the Pathfinder dam, Coleman Donna 040, who is the #1 \$M female in the breed that is 16 years and older and a Pathfinder. Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for \$175,000 one-third interest in our 2024 Spring Bull Sale for a valuation of \$525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as good of a bull as we've seen in a long time." He truly is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best bulls we have ever made here, Program

Palermo
Sire of Embryos

and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 046 is a Pathfinder female and a flush sister to Glacier 041. She records a progeny production record of BR 4/97, WR 4/108 and YR 3/111 with a calving interval of 368 days on her first four calves. 046 And her flush sisters are some of the most sought-after females in the program, and 046 was a highlight in our 2022 Your Maternal Source female sale, selling one-half interest to Ingram Angus for \$120,000. We very seldom sell embryos out of 046, so pay attention here. 046 Will be a big part of the future here at Coleman Angus; she has a perfect udder and is extremely good on her feet with a big, long square hip and a tremendous look. Koupals B&B Inevitable 509 is the record-selling \$800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been reverse sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 7298 is a Pathfinder female with a calving interval of 365 days on her first five calves. She has a progeny production record of BR 6/96, WR 6/108 and YR 6/104 and is an extremely long-hipped female with a deep chest floor and a tremendous look and presence about her. Her granddam, Coleman Donna 714, has 102 daughters in production with an average nursing ratio of 102. 7298 is a female with a tremendous future ahead of her, and she has proven herself the old-fashioned way: one calf at a time. Coleman Glacier 041 is currently the #1 bull for \$M in the whole breed who has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, and structure while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have three flush sisters to Glacier here at the Ranch and every one of them is a Pathfinder: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, and probably as good of set of flush sisters as we have ever had here. We believe it all starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it

Coleman Glacier 041

Sire of Embryos

to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 5247 is a model Angus cow and Pathfinder dam who is as good as it gets. She is as consistent of a producer that has ever been produced in our program and has tremendous three-dimensional shape, volume, muscle, and mass combined with a progeny production record of BR 5/95, WR 5/109, and YR 4/111. She has generated \$1,055,000 on 56 head to average \$18,839 in past Coleman Angus sales. Her dam was also a Pathfinder back to Donna 386, and Donna J311, who was the matriarch that started the Donna cow family here. Coleman Donna 5247 has had numerous top-selling females and sons, and in our recent bull sale in February she had five different sons that sold into leading registered operations across the country. She has also had progeny top numerous other sales across the country and Canada. Her sons include the \$70,000 Mendoza, the \$40,000 Alpine, Game Changer, the \$40,000 Dream Big, the \$22,000 Heavy Duty, and Slogan. Coleman Navigator throws as much raw muscle and power as any bull we have ever used here, and Navigator females are some of our very best young cows with beautiful udders, big wide hiped, extra depth, and always wean a very heavy calf. We feel like this could be one of the best matings we have ever offered for

sale; out-cross genetics at their finest. This mating will make a great herd sire and beautiful females. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.**

South America has created quite a stir: he was the \$180,000 top-selling bull as well as the people's choice and pick of the flush at the 2021 Cattlemen's Congress. We rarely go and purchase bulls to bring into our program, however, he fits our visions, beliefs, and breeding philosophies. South America is a son of a past Palermo Grand Champion Bull, Don Aparicio

South America
Sire of Embryos

Serrucho 57 Maxi, one of the great female sire makers in South America. His mother was selected as the heifer calf champion at the 2018 Palermo Show, one of the world's most respected and admired shows. He is an individual with outcross genetics, tremendous shape, and extra center belly depth in a dense, eye-appealing package. Visitors here to the ranch have loved him, and he is having a major impact on our program. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

Online EMBRYO Auction Closes September 29th | 7:00 PM (MDT)

Coleman Donna 5207 is a Pathfinder female with a progeny production record of BR 7/96, WR 7/109 and YR 6/110. She is extremely angular, deep sided, and has a perfect udder with a long, level hip. She continues to breed back first straw AI and produces at least one of our best calves each year. Donna 5207, at 11-years of age, just weaned one of our heaviest calves and bred back AI to calve next spring. "5207" continues to get better each year, maternal at its finest here. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we

would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Online EMBRYO Auction Closes September 29th | 7:00 PM (MDT)

Coleman Donna 7232 has a progeny production record of BR 4/99, WR 4/108, and YR 4/106 and U%IMF 7/101. The SAV Resource 1441 x Coleman Donna 714 mating has been one of the best matings made on the ranch. 7232 is an extremely long, big-hipped female with a beautiful udder. She continually throws a tremendous amount of performance in her progeny. We feel she has the potential to make an incredible herd bull. She is a full sister to the \$120,000 valued Coleman Donna 7231, the \$120,000 Coleman 504, and the \$70,000 valued Coleman Donna 7100. Demand for South America is at an all-time high! South America has created quite a stir: he was the \$180,000 top-selling bull as well as the people's choice and pick of the flush at the 2021 Cattlemen's Congress. We rarely go and purchase bulls to bring into our program, however, he fits our visions, beliefs, and breeding philosophies. South America is a son of a past Palermo Grand Champion Bull, Don Aparicio Serrucho 57 Maxi, one of the great female sire makers in South America. His mother was selected as the heifer calf champion at the 2018 Palermo Show, one of the world's most respected and admired shows. He is an individual with outcross genetics, tremendous shape, and extra center belly depth in a dense, eye-

Coleman Donna 8216 has a calving interval of 361 days on her first five calves and a progeny production record of BR 5/86, WR 5/110, and YR 5/106; she is a visitor favorite and has been for a long time. She was the \$150,000 one-half interest feature of a past Your Maternal Source Sale going to Jocko Valley of Montana and is a direct daughter of the Pathfinder sire, Coleman Charlo 0256, back to the Pathfinder dam, Coleman Donna 0308 who is a model Angus female that is currently 16 years old and has a herd bull at her side by Palermo. 8216 has a tremendous set of ET calves here this spring, and she is a female that we very rarely sell embryos out of. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling

Coleman Avalanche 487

Sire of Embryos

bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 8216 has a calving interval of 361 days on her first five calves and a progeny production record of BR 5/86, WR 5/110, and YR 5/106; she is a visitor favorite and has been for a long time. She was the \$150,000 one-half interest feature of a past Your Maternal Source Sale going to Jocko Valley of Montana and is a direct daughter of the Pathfinder sire, Coleman Charlo 0256, back to the Pathfinder dam, Coleman Donna 0308 who is a model Angus female that is currently 16 years old and has a herd bull at her side by Palermo. 8216 has a tremendous set of ET calves here this spring, and she is a female that we very rarely sell embryos out of. Coleman Glacier 041 is currently the #1 bull for \$M in the whole breed who has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, and structure while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have three flush sisters to Glacier here at the Ranch and every one of them is a Pathfinder: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, and probably as good of set of flush sisters as we have ever had here. We believe it all

Coleman Glacier 041

Sire of Embryos

starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 8231 is a unique breeding piece selected by H2O Cattle through the 2023 Your Maternal Source Sale and is the kind that can change cattle and transmits as much three-dimension shape and power as any cow at Coleman Angus. She has a progeny production record of BR 5/97, WR 5/104, and YR 5/106. Moderate in size, easy fleshing, loaded with muscle, and from one of the high maternal cows in the program, Coleman Donna 0308. This unique blending of South American genetics and this elite Charlo daughter will offer a tremendous building block for any program. Her daughter was a \$16,000 feature in the 2023 fall production sale. She is a maternal sister to the \$60,000 valued Coleman Donna 9286, the \$26,000 Coleman Donna 8265, the \$27,500 Coleman Donna 0316, the \$20,000 Coleman Donna 9283, and the \$25,000 Coleman Donna 9282. Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for \$175,000 one-third interest in our 2024 Spring Bull Sale for a valuation of \$525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as good of a bull as we've seen in a long time." He truly is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best

bulls we have ever made here, Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Platinum sold for \$170,000 to TK Angus and Arrowsmith Red Angus, both in Nebraska. Platinum is one of the greatest breeding accomplishments in the history of our program. His first set of calves here at the Ranch are tremendous; visitors have loved them all year. Platinum has a great future ahead of him. He has been a standout from day one and presents tremendous depth of body with loads of muscle and masculinity in an extremely sound-structured, herd bull package. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch; she has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam

Coleman Donna 9209 is the definition of maternal. She is a daughter of Density 4336 back to the \$60,000 Coleman Donna 6143 and is headed to becoming a Pathfinder dam. She has a progeny production record of WR 4/116, YR 4/115. This female sold for one-half interest in the 2023 fall female sale for \$30,000 going to Stacey Roberts of North Dakota. She is a maternal sister to Coleman Donna 8284, the \$32,500 one-half interest feature through the 2023 Your Maternal Source Sale. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales and a full sister was the \$150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale,

Coleman Program 593
Sire of Embryos

Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been reverse sexed for females, 90-95% accurate.

Coleman Donna 9286 has a progeny production record of WR 4/102 and YR 4/105. "9286's" daughter by Palermo was the second high-selling heifer calf in our 2025 "Your Maternal Source Female Sale" for \$105,000. Coleman Donna 9286 was the \$30,000 one-half interest for a \$60,000 valuation featured four-year-old through the 2023 Your Maternal Source Sale. She is a direct daughter of the record-selling Coleman Bravo 6313 back to the Pathfinder dam, Coleman Donna 0308, who is currently 15 years old and will calve next spring at 16. She stems from one of the top \$M cows of the breed and went on to produce the \$17,500 Coleman Donna 1627 and the \$15,000 Coleman Donna 2629 through the 2023 record-breaking Coleman Angus sale. Full sisters of this female include the \$27,500 Coleman Donna 0316 and the \$20,000 Coleman Donna 9283. Maternal sisters include the \$55,000 valued Coleman Donna 8231, the \$25,000 Coleman Donna 9282, and others. We very seldom sell eggs out of 9286, so pay attention here if you want some. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Coleman Donna 9365 has a progeny production record of BR 4/91, WR of 4/102, and YR of 4/106. "9365" Was a major highlight in our recent "Your Maternal Source Female Sale" this past fall and is a full sister-in-blood to Glacier 041. She sold to Allen Brothers Cattle in OR for a \$100,000 valuation, and her dam was a Pathfinder female here and a flush sister to Donna 439. This female produced a \$50,000 and \$30,000 bull out of embryos we have sold in past sales. 9365 Has a beautiful udder, great feet, tremendous mass, power, and performance. We are extremely excited to get ET calves on the ground out of her, we feel like she has a lot of potential. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped and massively hiped with added body in a perfectly structured skeleton and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch and has a progeny production record of BR 4/95, WR 4/116, and YR 3/122; she is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman

Coleman Donna 028 is a Pathfinder female with a progeny production record of BR 4/93, WR 4/110 and YR 3/111 and a calving interval of 366 days on her first four calves. Coleman Donna 028 is a flush sister to Coleman Glacier 041, the top-selling bull of the 2022 Spring Bull Sale, and she was a feature in our 2024 Your Maternal Source Female sale selling one-half interest for \$97,500 to the partnership of Southall Angus, TN, and H2O Cattle in IN. "028's" heifer calf was a visitor favorite all year last year and sold for \$30,000 to John Ferguson in OH, and she has another great calf on her this spring. She is well on her way to becoming one of the great Donna females we have had the opportunity to work with. Coleman Rock 7200 was the \$240,000 record-selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape and added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package.

Coleman Rock 7200
Sire of Embryos

Rock is low birthweight, high growth, and ranks in the Top 1% for \$M. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Chloe 302 is one we are really excited about. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 302 weaned her first calf with a BR of 96, WR of 119, and YR of 119 bred back AI for her second calf. 302's first calf is a bull sired by Glacier, Coleman Explorer, who sold for \$35,000 to Bucksnot Ranch in Tennessee. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we

Coleman Avalanche 487
Sire of Embryos

would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Chloe 302 is one we are really excited about. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 302 weaned her first calf with a BR of 96, WR of 119, and YR of 119 and is bred back AI for her second calf. 302's first calf is a bull sired by Glacier, Coleman Explorer and sold for \$35,000 to Bucksnot Ranch in Tennessee. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. Coleman Glacier 041 is currently the #1 bull for \$M in the whole breed who has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, and structure while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have three flush sisters to Glacier here at the Ranch and every one of them is a Pathfinder: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, and probably as good of set of flush sisters as we have ever had here. We believe it all starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it

Coleman Glacier 041
Sire of Embryos

to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Online EMBRYO Auction Closes September 29th | 7:00 PM (MDT)

Coleman Dixie Erica 1154 is one of my favorite young females on the ranch. She was a feature of our 2024 "Your Maternal Source" Female Sale and sold for \$60,000 for one-half interest to Charlie Carpenter in Texas. She has done an excellent job on her first three calves with a BR of 3/92, WR 3/111, and YR 3/107. She has bred first straw AI on her first five calves. Her dam was one of my favorite females also and had the misfortune of slipping on some ice and broke her back leg. Her grandma was also a tremendous female here, and her genetics are spread across the US and Canada. 1154 is the fifth consecutive donor and traces back to our Foundation Dixie Erica here at Coleman Angus. 1154 is fault free in her design, has a beautiful udder, is extremely good on her feet, and will catch everyone's eye when they see her in the pasture. Coleman Revenue 5142 is the \$100,000 featured Lot 1 bull of the 2026 Coleman Spring Bull Sale and selected by Bear Mountain Angus of NE and Ingram Angus of TN. A low-birthweight, calving-ease son of Glacier back to a tremendous three-year-old, Coleman Chloe 303. He has a tremendous look with added muscle shape in a perfect-structured skeleton. We are excited about this young up-and-coming herd sire here at the ranch. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.**

Coleman Echo 122 was the \$26,000 one-half interest highlight of our 2023 Your Maternal Source Sale going to Circle K Farms of TN. She is a direct daughter of the record-selling Coleman Bravo 6313 back to PM Echo 8'16. Her dam is a famous cow in Canada who was selected as the 2017 Canadian Agribition Reserve Grand Champion Female, the 2018 Canadian Agribition Grand Champion Female, and the 2018 RBC Supreme Champion. She raised her first natural calf this summer and did a wonderful job with a BR 1@99 and WR 1@104. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales and a full sister was the \$150,000 valued second top-selling

Coleman Program 593
Sire of Embryos

heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been reverse sexed for females, 90-95% accurate.

Coleman Donna 928 is an exceptional donor female who sold in our 2024 Your Maternal Source Female Sale for \$200,000 one-half-interest and a \$400,000 valuation to Southall Angus of Tennessee. 928 is a sixth-generation Coleman Donna who has a progeny production record of BR 4/92 and WR 4/107 and YR 1@101. She is a beautifully designed female with added body, tremendous three-dimensional shape and muscle expression with exceptional \$M Values. Coleman Donna 787, her dam, is a favorite around the ranch and one of the top young income producers in the program, generating \$1,687,000 on 27 head to average \$62,481 in past Coleman Angus sales. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Coleman Chloe 412 was the highest selling heifer calf in our 2024 Your Maternal Source Sale, selling for \$152,500 for one-half interest. Chloe 9275 her dam is quickly becoming a visitor favorite and has had as much impact on Coleman Angus as any female we have ever owned. "412" is stunning from every angle, extreme amount of rib shape, muscle, fore-rib, and flank, with a great look. This mating is one we are very excited about and would offer the freshest genetics we have ever offered. We have found the combination of the Donna's and the Chloe's here has been a golden cross. Coleman Revenue 5142 is the \$100,000 featured Lot 1 bull of the 2026 Coleman Spring Bull Sale and selected by Bear Mtn Angus of NE and Ingram Angus of TN. A low birth calving ease son of Glacier, back to a tremendous 3 yr-old, Coleman Chloe 303. He has a tremendous look, with added muscle shape, in a perfect structured skeleton. We are excited about this young and up coming herd sire here at the ranch. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate.

Coleman Eriskay 6102 has a calving interval of 369 days on her first four calves and a BR 4/101, WR 4/102, and YR 4/103. "6102" reminds me a bunch of our original Donna females by "J311" and was a feature in our 2021 female sale selling for \$50,000 to Sadler Ranches in OK. "6102" is extremely complete and the kind that will stop you in your tracks when you see her. Demand for South America is at an all-time high and he has created quite a stir: he was the \$180,000 top-selling bull as well as the people's choice and a pick of the flush at the 2021 Cattlemen's Congress. We rarely go and purchase bulls to bring into our program, however, he fits our visions, beliefs, and breeding philosophies. South America is a son of a past Palermo Grand Champion Bull, Don Aparicio Serrucho 57 Maxi, one of the great female sire makers in South America. His mother was selected as the heifer calf champion at the 2018 Palermo Show, one of the world's most respected and admired shows. He is an individual with outcross genetics, tremendous shape, and extra center belly depth in a dense, eye-appealing package. Visitors here to the ranch have loved him, and he is having a major impact on our program. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

Coleman Prides of Lass 1303 is a featured Pathfinder dam who has been extremely productive and is the definition of longevity and high-maternal genetics. She is a daughter of Coleman Regis 904 back to Coleman Prides of Lass 8114 and has generated \$56,250 in past Coleman Angus bull sales to average \$8,036. She is a Pathfinder dam with one of the best production records in the program with a BR 12/95, WR 12/108, YR 12/105 and a 364-day calving window. Coleman Mission 1447 is the \$55,000 feature of a past Coleman Spring Bull Sale and is a member of the Gaugler Angus program in MT. He is a son of Charlo back to the legendary Coleman Donna 439. Maternal brothers include Glacier, Ace, Ranger, and many others. His dam is a 12-year-old female at the ranch who has generated over \$1.6 million in progeny sales. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.**

She is a daughter of Coleman Regis 904 back to Coleman Prides of Lass 8114 and has generated \$56,250 in past Coleman Angus bull sales to average \$8,036. She is a Pathfinder dam with one of the best production records in the program with a BR 12/95, WR 12/108, YR 12/105 and a 364-day calving window. The sire of these embryos, Coleman Resource 708, is a bull that reminds me of the early days when bulls proved themselves in the pasture one calf at a time and everyone started calling them by their tattoo number. We bred him to a bunch of females and have been flushing him to our top donors. We watched 708 and his progeny since we sold 708 to Gaugler Angus in Montana. 708's dam is 10 years old and a fourth-generation donor here for us with perfect feet, a perfect udder while being more moderate and very maternal. 708 has perfect feet also and his daughters have perfect feet and udders, are extremely fertile, and raise big calves and breed back early. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos are exportable to Canada.

Mill Brae Iden Georgina 4086 sold for \$210,000 one-half interest for a \$420,000 valuation in the 2023 Your Maternal Source Female Sale, making her the top-selling female of the event. She is the dam of the \$165,000 J Trademark 1037, a featured herd sire in the Coleman Angus and Conley Cattle programs; Trademark has been one of the most sought-after young herd bulls with semen selling to many of the leading registered herds across the United States. 4086 Has a progeny record of BR 8/97, WR 8/104, and YR 6/104. When you combine Calving Ease, Growth, Marbling, and \$Values, she is the #1 cow in AHIR her age or older, and 4086 did this the old-fashioned way, in the pasture and through her progeny. Koupals B&B Inevitable 509 is the record-selling \$800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been reverse sexed for females, 90-95% accurate. These embryos are exportable to Canada.

When you combine Calving Ease, Growth, Marbling, and \$Values, she is the #1 cow in AHIR her age or older, and 4086 did this the old-fashioned way, in the pasture and through her progeny. Coleman Rock 7200 was the \$240,000 record-selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape and added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package.

Coleman Rock 7200

Coleman Eriskay 291 has been an incredible female for us. She is the dam of Coleman Navigator 614, a proven bull that has produced both a very good set of daughters for us and sons that have topped our sales; Navigator throws as much true muscle as any bull we have used and his semen was sold out for a period but is now available! Before being used as a donor, 291 had a calving interval of 367 days on six calves, and she currently has a progeny production record of BR 8/88, WR 8/105, and YR 8/103. She has a perfect udder and is long sided, deep ribbed, and very complete. It is not very often that you have a female that has a very low birthweight like 291 while still throwing extreme performance! The sire of these embryos, Coleman Resource 708, is a bull that reminds me of the early days when bulls proved themselves in the pasture one calf at a time and everyone started calling them by their tattoo number. We bred him to a bunch of females and have been flushing him to our top donors. We watched 708 and his progeny since we sold 708 to Gaugler Angus in Montana. 708's dam is 10 years old and a fourth-generation donor here for us with perfect feet, a perfect udder while being more moderate and very maternal. 708 has perfect feet also and his daughters have

The background of the entire image is a scenic landscape. In the foreground, two black cows are grazing in a green and yellow field. A wire fence runs across the middle ground. In the background, there are rolling green hills and distant, hazy mountains under a clear sky. A white rectangular box is overlaid on the right side of the image, containing text.
