Coleman Donna 2108 is the mother of the \$110,000 Coleman Core 5197, who was the fourth top-selling bull of the 2026 Coleman Angus Spring Bull Sale going to Ingram Angus and Southall Angus, LLC of Tennessee. She just recently sold as the featured Lot 1 cow of the 2026 Your Maternal Source Sale. This outstanding daughter of Coleman Banker 9215 has an exquisite phenotype with a beautiful udder and is a tremendous producer stemming back to a Pathfinder dam, Coleman Donna 0161, who is a daughter of the No. 1 \$M cow in the breed and a Pathfinder that is of 16 years of age or older, Coleman Donna 040. This outstanding female has a progeny production record of BR 2/96, WR 2/108, YR 2/108 and stems from a dam who records BR 4/97, WR 4/106, YR 4/103, with two daughters in production and an average nursing ratio of 104. Coleman The Bus 4333, another son, was her first natural calf and a bull who was retained here in the program and used naturally providing exceptional phenotype with added three-dimensional shape and body. Coleman Security was the second high-selling bull of the 2025 Coleman Spring

Coleman Security 428
Sire of Embryos

Bull Sale where he sold for \$225,000 to Voss Angus. He is a very unique Renovation son who has tremendous three-dimension shape with added volume and in the right-sized package. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies.

Coleman Donna 0161 is a highly productive Pathfinder dam. She is the mother of the featured Lot 1 female of the 2026 Your Maternal Source Sale, Coleman Donna 2108, and granddam to the \$110,000 Coleman Core 5197. She has a progeny production record of BR 4/97, WR 4/106, YR 4/103 in a 368-day calving window on her first four calves. She is the definition of maternal with a wedge-shaped design, excellent depth of body, and a picture-perfect udder. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales and a full sister was the \$150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal

Coleman Program 593
Sire of Embryos

sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 787 is one of the great Donna females in the Coleman Angus program and has a progeny production record of BR 6/87, WR 6/107, YR 6/108, and 11 daughters in production with an average nursing ratio of 102. She produces cattle with the dense qualities we are missing in our breed. She has generated \$1,687,000 on 27 head to average \$62,481 in past Coleman Angus events, and her progeny includes Coleman Program 593, the \$270,000 lead off bull of the 2026 Coleman Angus Spring Bull Sale with flawless structure and massive three-dimensional shape in a picturesque profile; the 2024 top-selling bull in our spring bull sale, Coleman Maternal Balance 356; Coleman Donna 512, the \$75,000 second top-valued female of the 2025 Your Maternal Source Sale and the \$40,000 selection of Southall Angus through the same event, Coleman Donna 5251; the \$150,000 valued Coleman Donna 2429, the \$400,000 valued Coleman Donna 928; and the \$240,000 valued Coleman Donna 3630. Coleman Donna 063, the grandmother, is a full sister to the record-selling Coleman Rock 7200 and is a full sister to the No. 1 \$M cow in the breed that is a Pathfinder and 16 years of age or older, Coleman Donna 040. Demand for South America is at an all-time high! South America has created quite a stir: he was the \$180,000 top-selling bull as well as the people's choice and pick of the flush at the 2021 Cattleman's Congress. We rarely go and purchase bulls to bring into our program, however, he fits our visions, beliefs, and breeding philosophies. South America is a son of a past Palermo Grand Champion Bull, Don Aparicio Serrucho 57 Maxi, one of the great female sire makers in South America. His mother was selected as the heifer calf champion at the 2018 Palermo Show, one of the world's most respected and admired shows. He is an individual with outcross genetics, tremendous shape, and extra center belly depth in a dense, eye-appealing package. Visitors here to the ranch have loved him, and he is having a major impact on our program. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

Coleman Blossom 1103 is an elite Pathfinder female who produced the top-selling bull of the 2024 Coleman Angus Spring Bull Sale, Coleman Double Down 3196, where he sold at \$100,000 one-half interest for a \$200,000 valuation. This outstanding Bravo daughter stems back to the PM Blossom family that originated in Canada. She is a high \$M female who transmits calving ease along with power and muscle shape in a high-maternal package with a progeny production record of WR 3/110, YR 3/107. She produced the \$17,000 Coleman Bullion 5178, who sold through the 2026 spring bull sale. Another son, Coleman Double Down 196, is a calving-ease bull with loads of muscle and tremendous shape and he transmits it to his offspring; his first five progeny sold for \$104,000 and averaged \$20,800 through the 2025 Ingram Angus Fall Production Sale. Coleman Below Zero 2106 was the \$150,000 top-selling bull of the 2023 Coleman Angus Bull Sale and selected by Janssen Angus of Iowa, Marshall Fenner Farms of Missouri, Pinewood Farms of Tennessee and GENEX Beef AI stud. A sure shot heifer bull with exceptional phenotype, exceptional depth of body, and represents great breed character in a well-balanced number package. Coleman Donna 0153, his dam, is a great three-

Coleman Donna 7231 is one of my very favorite daughters of 714 we have ever had. She resembles her mother more than any other daughter we have ever had. She is a titch stouter than Donna 714 and a female that I never wanted to sell; if it were not for our complete dispersal of our summer calving unit in 2023, we would not have sold half interest in her. 7231 is a Pathfinder female who has a calving interval of 366 days on her first five calves and a progeny production record of BR 6/96, WR 6/107, and YR 6/108. She has a perfect udder with perfect feet and is very long spined and very wedge shaped. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped and massively hiped with added body in a perfectly structured skeleton and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch and has a progeny production record of BR 4/95, WR 4/116, and YR 3/122; she is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only in our herd, but also across the whole breed, and currently has 14 sons working in major registered operations. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 7231 is one of my very favorite daughters of 714 we have ever had. She resembles her mother more than any other daughter we have ever had. She is a tick stouter than Donna 714. She was a female that I never wanted to sell, and if it were not for our complete dispersal of our summer calving unit in 2023, we would not have sold half interest in her. 7231 is a Pathfinder female who has a calving interval of 366 days on her first five calves and a progeny production record of BR 5/96, NR 6/107, and YR 6/105. She has a perfect udder, very long-spined, perfect feet and very wedge-shaped. If you have not used Easy Decision in your breeding program, I strongly consider that you think about it. Coleman Easy Decision 1539 was the second top-selling bull of the 2023 Coleman Angus Bull Sale where he sold for \$135,000 to Southern Cattle Co. of Mariana, FL, and Select Sires AI Stud. Easy Decision was named properly because he is five generations of calving ease genetics from five great cows within the Coleman program. His predictability is second to none for proven calving ease, high maternal, and performance genetics. Coleman Donna 7386, his dam, has a wonderful production record of BR 4/90, WR 4/113, YR 2/113 and four calves in a 364-day calving interval. His grandmother has a progeny production record of BR 6/93, WR 6/108, YR 5/107 and a 367-calving interval on 6 calves. Combine these two generations with the third, fourth, and fifth generations of Coleman Donna 714, Coleman Donna 386, and the Matriarch Donna J311! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. Coleman Donna 069 is a powerhouse female combined with being a Pathfinder, and high \$M genetics makes this an outstanding donor female who blends the Pathfinder sire, Coleman Charlo 0256, along with the \$120,000 Coleman Donna 504, who has generated over \$600,000 in progeny sales, into a tremendous genetic package. This donor female has a progeny production record of WR 4/109, YR 4/105 with one daughter in production with an average nursing ratio of 104 and stems from a dam who records BR 5/91, WR 4/110, YR 4/111, UREA 15/101. This fabulous donor female has an elegant design and tremendous depth of body in a high-ratioing package. Koupals B&B Inevitable 509 is the record-selling \$800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

This fabulous donor female has an elegant design and tremendous depth of body in a high-ratioing package. Coleman Glacier 041 is currently the #1 bull for \$M in the whole breed who has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, and structure while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have three flush sisters to Glacier here at the Ranch and every one of them is a Pathfinder: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, and probably as good of set of flush sisters as we have ever had here.

Coleman Glacier 041
Sire of Embryos

We believe it all starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 928 is an exceptional donor female who sold in our 2024 Your Maternal Source Female Sale for \$200,000 one-half-interest and a \$400,000 valuation to Southall Angus of Tennessee. 928 is a sixth-generation Coleman Donna who has a progeny production record of BR 4/92 and WR 4/107 and YR 1/101. She is a beautifully designed female with added body, tremendous three-dimensional shape and muscle expression with exceptional \$M Values. Coleman Donna 787, her dam, is a favorite around the ranch and one of the top young income producers in the program, generating \$1,687,000 on 27 head to average \$62,481 in past Coleman Angus sales. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling

Coleman Donna 928 is an exceptional donor female who sold in our 2024 Your Maternal Source Female Sale for \$200,000 one-half-interest and a \$400,000 valuation to Southall Angus of Tennessee. 928 is a sixth-generation Coleman Donna who has a progeny production record of BR 4/92 and WR 4/107. She is a beautifully designed female with added body, tremendous three-dimensional shape and muscle expression with exceptional \$M Values. Coleman Donna 787, her dam, is a favorite around the ranch and one of the top young income producers in the program, generating \$527,000 on 13 head for an average of \$40,538 in past Coleman Angus sales. Coleman Statement 5120 is the \$140,000 one-half interest, third top-selling bull of the 2026 Coleman Angus Spring Bull Sale and a bull who was named properly; when you see him, he will make his own statement. He is one of the very best sons of Coleman Resource 708 ever produced in the Coleman Angus program in a calving-ease package. He has a unique EPD set with low birthweight genetics, explosive growth, and unprecedented \$M values. His pedigree is second to none blending Coleman Donna 376, Coleman Donna 714 (the No. 2 cow in the breed for \$M that is 19 years of age or older) and Coleman Donna 199 into a powerful genetic package. He had a light birthweight of 79 pounds and a 205-day weight of 924 pounds and ratioed +93 for birth and +116, respectively. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. Coleman Blackcap 197 is a Pathfinder dam by Coleman Bravo 6313 back to the foundation Blackcap female in the Coleman Angus program, ZWT Blackcap 1508, and the legendary OCC Lady Blackcap 753L, a foundation donor female in the ZWT Ranch program. This Pathfinder female has a progeny production record of BR 3/85, WR 3/105, and stems from a dam who records BR 2/90, WR 2/107, YR 2/103 with 18 daughters in production and an average nursing ratio of 101. She is an outstanding donor female who has been extremely productive, and you just can't get them much better than this. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped and massively hiped with added body in a perfectly structured skeleton and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch and has a progeny production record of BR 4/95, WR 4/116, and YR 3/122; she is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only in our herd, but also across the whole breed, and currently has 14 sons working in major registered operations. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate. The selected 1430 as our top selling 2-year-old female in our recent "Your Maternal Source" Female Sale, where ½ interest in her sold for \$155,000 for a \$310,000 valuation. 1430 has a progeny production record of BR 2/98, WR 2/110 and YR 2/103. She is a maternal sister to the \$150,000 Coleman Banker 9215 and an array of top selling maternal sisters. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of

Coleman Avalanche 487

the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 2104 was a special sale attraction in our recent female sale from a tremendous producing four-year-old daughter of Coleman Bravo 6313 back to the featured Coleman Donna 0140. She has a progeny production record of WR 2/111, YR 2/105 and her dam records BR 3/97, WR 3/104, YR 3/104 with two daughters in production with an average nursing ratio of 108. Here is a special donor female with a tremendous \$M value that can take your program to the next level. LT Converse 8011 is an outside bull we have used and he has done a great job for us. He fits our breeding tactics here at the ranch and has produced cattle with the look we desire. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos are exportable to Canada.

Coleman Blackcap 188 is another great Pathfinder female from Coleman Bravo 6313 back to the foundation ZWT Blackcap 1508. She is gorgeous, young female with a progeny production record of BR 3/89, WR 3/106, YR 3/109 and a \$M in the Top 1% of the breed with a calving interval of 366 on her first three head. Her phenotype is second to none with a beautiful front one third and extension, a big barrel, huge hip, and three-dimensional shape. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped and massively hipped with added body in a perfectly structured skeleton and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch and has a progeny production record of BR 4/95, WR 4/116, and YR 3/122; she is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only in our herd, but also across the whole breed, and currently has 14 sons working in major registered operations. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 151 is the next generation of Pathfinder females and Coleman Donna 504 daughters that have started to make a tremendous impact here at the ranch. She is a direct daughter of Coleman Bravo 6313 back to the \$120,000 Coleman Donna 504. She has a progeny production record of BR 3/82, WR 3/105, and YR 3/110. She reads with a great number profile and a \$M that ranks in Top 1% of the breed. She produced the \$36,000 Coleman Sedona 4209 as her second natural calf with her first and third calves retained in the herd. Coleman Rock 7200 was the \$240,000 record-selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape and added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high

Coleman Rock 7200

She reads with a great number profile and a \$M that ranks in Top 1% of the breed. She produced the \$36,000 Coleman Sedona 4209 as her second natural calf with her first and third calves retained in the herd. Coleman Glacier 041 is currently the #1 bull for \$M in the whole breed who has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, and structure while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have three flush sisters to Glacier here at the Ranch and every one of them is a Pathfinder: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, and probably as good of set of flush sisters as we have ever had here. We believe it all

Coleman Glacier 041
Sire of Embryos

starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. Coleman Donna 5207 is a Pathfinder female with a progeny production record of BR 7/96, WR 7/109 and YR 6/110. She is extremely angular, deep sided, and has a perfect udder with a long, level hip. She continues to breed back first straw AI and produces at least one of our best calves each year. Donna 5207, at 11-years of age, just weaned one of our heaviest calves and bred back AI to calve next spring. "5207" continues to get better each year, maternal at its finest here. The sire of these embryos, Coleman Resource 708, is a bull that reminds me of the early days when bulls proved themselves in the pasture one calf at a time and everyone started calling them by their tattoo number. We bred him to a bunch of females and have been flushing him to our top donors. We watched 708 and his progeny since we sold 708 to Gaugler Angus in Montana. 708's dam is 10 years old and a fourth-generation donor here for us with perfect feet, a perfect udder while being more moderate and very maternal. 708 has perfect feet also and his daughters have perfect feet and udders, are extremely fertile, and raise big calves and breed back early. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.**

Coleman Donna 028 is a Pathfinder female with a progeny production record of BR 3/90, WR 3/109 and YR 2/111 and a calving interval of 364 days on her first three calves. Coleman Donna 028 is a flush sister to Coleman Glacier 041, the top-selling bull of the 2022 Spring Bull Sale, and she was a feature in our 2024 Your Maternal Source Female sale selling one-half interest for \$97,500 to the partnership of Southall Angus, TN, and H2O Cattle in IN. "028's" heifer calf was a visitor favorite all year last year and sold for \$30,000 to John Ferguson in OH, and she has another great calf on her this spring. She is well on her way to becoming one of the great Donna females we have had the opportunity to work with. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the \$270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated \$1,687,000 on 27 head in past Coleman Angus sales and a full sister was the \$150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the \$400,000 valued Coleman Donna 928 and the \$150,000 valued Coleman Donna 3630. He is also a maternal brother to the \$210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Mill Brae Iden Georgina 4086 sold for \$210,000 one-half interest for a \$420,000 valuation in the 2023 Your Maternal Source Female Sale, making her the top-selling female of the event. She is the dam of the \$165,000 J Trademark 1037, a featured herd sire in the Coleman Angus and Conley Cattle programs; Trademark has been one of the most sought-after young herd bulls with semen selling to many of the leading registered herds across the United States. 4086 Has a progeny record of BR 8/97, WR 8/104, and YR 6/104. When you combine Calving Ease, Growth, Marbling, and \$Values, she is the #1 cow in AHIR her age or older, and 4086 did this the old-fashioned way, in the pasture and through her progeny. Koupals B&B Inevitable 509 is the record-selling \$800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer

has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been reverse sexed for females, 90-95% accurate. These embryos are exportable to Canada.

She also has a great \$M value that ranks in the Top 1%. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for \$250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of \$500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of

Coleman Avalanche 487
Sire of Embryos

the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. Coleman Eriskay 291 has been an incredible female for us. She is the dam of Coleman Navigator 614, a proven bull that has produced both a very good set of daughters for us and sons that have topped our sales; Navigator throws as much true muscle as any bull we have used and his semen was sold out for a period but is now available! Before being used as a donor, 291 had a calving interval of 367 days on six calves, and she currently has a progeny production record of BR 8/88, WR 8/105 and YR 8/103. She has a perfect udder and is long sided, deep ribbed, and very complete. It is not very often that you have a female that has a very low birthweight like 291 while still throwing extreme performance! Arrowhead is as impressive of a son of Charlo to ever be born at the ranch. He is loaded with three-dimensional shape, tons of muscle, and added depth of body in a big, powerful, beautifully designed package. His dam, Coleman Chloe 9275, was the record-selling female of the 2021 Your Maternal Source Sale where she sold one-half interest at \$375,000 for a \$750,000 valuation to Voss Angus. She is as good as you can find and is making a tremendous impact at the ranch. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies.

These embryos are full sib embryos to Coleman Full Deck 118. Coleman Donna 927 is a highly productive donor and the mother of Coleman Full Deck 118 and the \$200,000 valued Coleman Universal 3189, the third top-selling bull of the 2024 Spring Bull Sale. She has a progeny production record of BR 5/99, WR 5/110 YR 5/111, UREA 3/108. This daughter of Sitz Logo stems back to the \$30,000 Coleman Donna 785, a feature in the 2023 Your Maternal Source Sale, and blends the best of the Donna family into one great package; her grandmother is one of the highest cows in AHIR at American Angus for \$M while also being a Pathfinder and 14 years of age or older, Coleman Donna 040. This sixth-generation Coleman donor dam is one of the young highly productive females in the program. Coleman Ace 989 is a featured son of the Pathfinder sire and record-selling Coleman Bravo 6313 back to the Pathfinder dam, Coleman Donna 439 who was the \$175,000 featured Lot 1 female of the 2023 Your Maternal Source Sale where she sold one-half interest for a \$350,000 valuation and has generated over \$1,455,250 on 54 head to average \$26,950 in past Coleman Angus sales. Ace is an extremely attractive-

Coleman Ace 989
Sire of Embryos

fronted individual and sires females that are wedge shaped with beautiful udders and high-ratioing females. Coleman Ace 989 has an impressive \$M of +122 that ranks among the best herd sires ever produced in the Coleman Angus program from a maternal standpoint. **These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.** These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.
