Bar-E-L Bride 28C is sired by Bar-E-L Natural Law 52Y and is considered by many to be his greatest daughter. 28C headlined the 2022 Open Book Invitational at Brooking Angus Ranch in Canada and became the top-selling female of the event. She sold a $75,000 flush in the 2023 Your Maternal Source Female Sale and has created quite a stir at Coleman Angus with visitors who saw her. 28C reads with an exquisite phenotype, beautiful udder, massive rib shape, and a beautiful, elegant front-end extension in a very complete, fault-free, high-quality package. It is very seldom that we buy outside genetics unless we feel they can move our program, but 28C fits the mold and style we love here! She has a progeny production record of WR 1/112 and YR 1/109. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for $250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of $500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 0153 is a Pathfinder female who has a calving interval of 364 days on her first four calves and a progeny production record of BR 4/87, WR 4/108, and YR 3/105. She has established herself as one of the great herd sire-producing females in Coleman Angus history and is the dam of the $150,000 one-half interest Below Zero 2106, a featured member of the GENEX Beef AI Stud along with Marshall & Fenner Farms of MO and Janssen Angus of IA. 0153 Is also the dam of the $250,000 one-half interest Coleman Avalanche 487, who sold to Montana Angus Ranch in MT and Canadian Sires in Canada. 0153 Was the lead off Lot 1 female of our 2024 Maternal Source Sale where one-half interest in her sold for $185,000 to Ingram Angus in TN. Very seldom do we sell embryos out of 0153, so pay attention here. Maternal Balance has created as much interest as any bull we have ever produced. He is as complete and fault-free as any bull you will find. He is big topped and massively hipped with added body in a perfectly structured skeleton and stands on a perfect foot. We are very excited to get our first set of calves out of him. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch and has a progeny production record of BR 4/95, WR 4/116, and YR 3/122; she is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Granite. Chloe 9275 is having a major impact not only in our herd, but also across the whole breed, and currently has 14 sons working in major registered operations. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos are exportable to Canada.

Coleman Donna 0153 is a Pathfinder female who has a calving interval of 364 days on her first four calves and a progeny production record of BR 4/87, WR 4/108, and YR 3/105. She has established herself as one of the great herd sire-producing females in Coleman Angus history and is the dam of the $150,000 one-half interest Below Zero 2106, a featured member of the GENEX Beef AI Stud along with Marshall & Fenner Farms of MO and Janssen Angus of IA. 0153 Is also the dam of the $250,000 one-half interest Coleman Avalanche 487, who sold to Montana Angus Ranch in MT and Canadian Sires in Canada. 0153 Was the lead off Lot 1 female of our 2024 Maternal Source Sale where one-half interest in her sold for $185,000 to Ingram Angus in TN. Very seldom do we sell embryos out of 0153, so pay attention here. Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for $175,000 one-third interest in our 2024 Spring Bull Sale for a valuation of $525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as good of a bull as we've seen in a long time." He truly is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best bulls we have ever made here, Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 0161 is a highly productive Pathfinder dam. She is the mother of the featured Lot 1 female of the 2026 Your Maternal Source Sale, Coleman Donna 2108, and granddam to the $110,000 Coleman Core 5197. She has a progeny production record of BR 4/97, WR 4/106, YR 4/103 in a 368-day calving window on her first four calves. She is the definition of maternal with a wedge-shaped design, excellent depth of body, and a picture-perfect udder. Koupals B&B Inevitable 509 is the record-selling $800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. Coleman Donna 0161 is a highly productive Pathfinder dam. She is the mother of the featured Lot 1 female of the 2026 Your Maternal Source Sale, Coleman Donna 2108, and granddam to the $110,000 Coleman Core 5197. She has a progeny production record of BR 4/97, WR 4/106, YR 4/103 in a 368-day calving window on her first four calves. She is the definition of maternal with a wedge-shaped design, excellent depth of body, and a picture-perfect udder. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the $270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated $1,687,000 on 27 head in past Coleman Angus sales and a full sister was the $150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the $400,000 valued Coleman Donna 928 and the $150,000 valued Coleman Donna 3630. He is also a maternal brother to the $210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Blackcap 188 is another great Pathfinder female from Coleman Bravo 6313 back to the foundation ZWT Blackcap 1508. She is a gorgeous, young female with a progeny production record of BR 3/89, WR 3/106, YR 3/109 and a $M in the Top 1% of the breed with a calving interval of 366 on her first three head. Her phenotype is second to none with a beautiful front one third and extension, a big barrel, huge hip, and three-dimensional shape. Coleman Glacier 041 is currently the #1 bull for $M in the whole breed who has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, and structure while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have three flush sisters to Glacier here at the Ranch and every one of them is a Pathfinder: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, and probably as good of set of flush sisters as we have ever had here. We believe it all starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Her phenotype is second to none with a beautiful front one third and extension, a big barrel, huge hip, and three-dimensional shape. Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the $270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated $1,687,000 on 27 head in past Coleman Angus sales and a full sister was the $150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the $400,000 valued Coleman Donna 928 and the $150,000 valued Coleman Donna 3630. He is also a maternal brother to the $210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Chloe 302 is one we are really excited about. Very seldom do we flush females this young but feel she has the potential to run with her mother. Chloe 302 weaned her first calf with a BR of 96, WR of 119, and YR of 119 and is bred back AI for her second calf. 302's first calf is a bull sired by Glacier, Coleman Explorer, who sold for $35,000 to Bucksnort Ranch in Tennessee. Here is your opportunity to get ahead of the crowd on some of the freshest genetics we have ever offered here in our embryo auctions. Koupals B&B Inevitable 509 is the record-selling $800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. Coleman Donna 928 is an exceptional donor female who sold in our 2024 Your Maternal Source Female Sale for $200,000 one-half-interest and a $400,000 valuation to Southall Angus of Tennessee. 928 is a sixth-generation Coleman Donna who has a progeny production record of BR 4/92 and WR 4/107. She is a beautifully designed female with added body, tremendous three-dimensional shape and muscle expression with exceptional $M Values. Coleman Donna 787, her dam, is a favorite around the ranch and one of the top young income producers in the program, generating $527,000 on 13 head for an average of $40,538 in past Coleman Angus sales. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for $250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of $500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 928 is an exceptional donor female who sold in our 2024 Your Maternal Source Female Sale for $200,000 one-half-interest and a $400,000 valuation to Southall Angus of Tennessee. 928 is a sixth-generation Coleman Donna who has a progeny production record of BR 4/92 and WR 4/107. She is a beautifully designed female with added body, tremendous three-dimensional shape and muscle expression with exceptional $M Values. Coleman Donna 787, her dam, is a favorite around the ranch and one of the top young income producers in the program, generating $527,000 on 13 head for an average of $40,538 in past Coleman Angus sales. Coleman Statement 5120 is the $140,000 one-half interest, third top-selling bull of the 2026 Coleman Angus Spring Bull Sale and a bull who was named properly; when you see him, he will make his own statement. He is one of the very best sons of Coleman Resource 708 ever produced in the Coleman Angus program in a calving-ease package. He has a unique EPD set with low birthweight genetics, explosive growth, and unprecedented $M values. His pedigree is second to none blending Coleman Donna 376, Coleman Donna 714 (the No. 2 cow in the breed for $M that is 19 years of age or older) and Coleman Donna 199 into a powerful genetic package. He had a light birthweight of 79 pounds and a 205-day weight of 924 pounds and ratioed +93 for birth and +116, respectively. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate.

Coleman Blossom 1103 is an elite Pathfinder female who produced the top-selling bull of the 2024 Coleman Angus Spring Bull Sale, Coleman Double Down 3196, where he sold at $100,000 one-half interest for a $200,000 valuation. This outstanding Bravo daughter stems back to the PM Blossom family that originated in Canada. She is a high $M female who transmits calving ease along with power and muscle shape in a high-maternal package with a progeny production record of WR 3/110, YR 3/107. She produced the $17,000 Coleman Bullion 5178, who sold through the 2026 spring bull sale. Another son, Coleman Double Down 196, is a calving-ease bull with loads of muscle and tremendous shape and he transmits it to his offspring; his first five progeny sold for $104,000 and averaged $20,800 through the 2025 Ingram Angus Fall Production Sale. Coleman Below Zero 2106 was the $150,000 top-selling bull of the 2023 Coleman Angus Bull Sale and selected by Janssen Angus of Iowa, Marshall Fenner Farms of Missouri, Pinewood Farms of Tennessee and GENEX Beef AI stud. A sure shot heifer bull with exceptional phenotype, exceptional depth of body, and represents great breed character in a well-balanced number package. Coleman Donna 0153, his dam, is a great three-year-old with a beautiful udder and look; she has a progeny production record of BR 1/91, WR 1/107, YR 1/104 and her dam is a full sister to Coleman Donna 8146 and Coleman Donna 4203, who is the dam of the $150,000 Coleman Banker 9215. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 0139 is a daughter of the outcross sire, Coleman Navigator 614. Her dam is a full sister to an array of high profile donors such as the $120,000 Coleman Donna 504, the $120,000 Coleman Donna 7231, Coleman Donna 7232, and the $70,000 Coleman Donna 7100. This donor dam is loaded with tremendous mass, power, and dimension, with the ability to change cattle in the same way she looks. She has a progeny production record of BR 4/89, WR 4/103, and YR 3/104. Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for $175,000 one-third interest in our 2024 Spring Bull Sale for a valuation of $525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as good of a bull as we've seen in a long time." He truly is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best bulls we have ever made here, Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Blackcap 197 is a Pathfinder dam by Coleman Bravo 6313 back to the foundation Blackcap female in the Coleman Angus program, ZWT Blackcap 1508, and the legendary OCC Lady Blackcap 753L, a foundation donor female in the ZWT Ranch program. This Pathfinder female has a progeny production record of BR 3/85, WR 3/105, and stems from a dam who records BR 2/90, WR 2/107, YR 2/103 with 18 daughters in production and an average nursing ratio of 101. She is an outstanding donor female who has been extremely productive, and you just can't get them much better than this. Coleman Glacier 041 is currently the #1 bull for $M in the whole breed who has daughters in production. Glacier will improve foot quality, udder quality, fertility, disposition, and structure while also being extremely sound, athletic, and possessing a great herd bull look. We feel he is the bull the industry has been looking for! His daughters here are as good as we have ever had the opportunity to work with. We have three flush sisters to Glacier here at the Ranch and every one of them is a Pathfinder: they have perfect udders, great feet and are stout with a beautiful look. Every one of these sisters has a great production record, perfect calving interval record, and probably as good of set of flush sisters as we have ever had here. We believe it all starts with the mother cow, and Glacier's Pathfinder dam is no exception. 439 is the fourth consecutive generation to make it to the donor pen. She has ratios of BR 5/93, WR 5/107, and YR 5/106. She is also the dam of Mission 1447 and Ace 989, both of which are doing a tremendous job for us. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

She is an outstanding donor female who has been extremely productive, and you just can't get them much better than this. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for $250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of $500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Chloe 196 has recently made her way to the donor pen. She is a daughter of the record-selling Coleman Bravo 6313 back to the $300,000 valued Lawsons Chloe C815. She is a full sister to the $450,000 Coleman Triumph 9145, the record-selling Coleman Chloe 9275, the $300,000 valued Coleman Chloe 034, and the $120,000 Coleman Chloe 975. She is the right kind with perfect size while being big volumed along with having perfect structure and a beautiful udder. She has a progeny production record of BR 3/97, WR 3/106, and YR 3/105. She also has a great $M value that ranks in the Top 1%. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. She also has a great $M value that ranks in the Top 1%. Coleman Rock 7200 was the $240,000 record-selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape and added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for $M. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. Coleman Donna 8231 is a unique breeding piece selected by H2O Cattle through the 2023 Your Maternal Source Sale and is the kind that can change cattle and transmits as much three-dimension shape and power as any cow at Coleman Angus. She has a progeny production record of BR 5/97, WR 5/104, and YR 5/106. Moderate in size, easy fleshing, loaded with muscle, and from one of the high maternal cows in the program, Coleman Donna 0308. This unique blending of South American genetics and this elite Charlo daughter will offer a tremendous building block for any program. Her daughter was a $16,000 feature in the 2023 fall production sale. She is a maternal sister to the $60,000 valued Coleman Donna 9286, the $26,000 Coleman Donna 8265, the $27,500 Coleman Donna 0316, the $20,000 Coleman Donna 9283, and the $25,000 Coleman Donna 9282. Palermo is an outcross sire who has caught the attention of cattlemen around the world. He sold for $175,000 one-third interest in our 2024 Spring Bull Sale for a valuation of $525,000. He has been a visitor favorite here the past couple of years, with many telling us, "He's as good of a bull as we've seen in a long time." He truly is as impressive of a bull as you will find with Angus breed character, tremendous depth of body, perfect feet and structure with a huge, wide hip and muscle expression. Palermo sired two of the best bulls we have ever made here, Program and Authentic. His daughters may be the best part of him; they are as impressive of a set as we have ever made here out of one sire. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate.

Coleman Statement 5120 is the $140,000 one-half interest, third top-selling bull of the 2026 Coleman Angus Spring Bull Sale and a bull who was named properly; when you see him, he will make his own statement. He is one of the very best sons of Coleman Resource 708 ever produced in the Coleman Angus program in a calving-ease package. He has a unique EPD set with low birthweight genetics, explosive growth, and unprecedented $M values. His pedigree is second to none blending Coleman Donna 376, Coleman Donna 714 (the No. 2 cow in the breed for $M that is 19 years of age or older) and Coleman Donna 199 into a powerful genetic package. He had a light birthweight of 79 pounds and a 205-day weight of 924 pounds and ratioed +93 for birth and +116, respectively. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies.

Coleman Donna 9286 has a progeny production record of WR 4/102 and YR 4/105. "9286's" daughter by Palermo was the second high-selling heifer calf in our 2025 "Your Maternal Source Female Sale" for $105,000. Coleman Donna 9286 was the $30,000 one-half interest for a $60,000 valuation featured four-year-old through the 2023 Your Maternal Source Sale. She is a direct daughter of the record-selling Coleman Bravo 6313 back to the Pathfinder dam, Coleman Donna 0308, who is currently 15 years old and will calve next spring at 16. She stems from one of the top $M cows of the breed and went on to produce the $17,500 Coleman Donna 1627 and the $15,000 Coleman Donna 2629 through the 2023 record-breaking Coleman Angus sale. Full sisters of this female include the $27,500 Coleman Donna 0316 and the $20,000 Coleman Donna 9283. Maternal sisters include the $55,000 valued Coleman Donna 8231, the $25,000 Coleman Donna 9282, and others. We very seldom sell eggs out of 9286, so pay attention here if you want some. Coleman Dependable 4182 is backed by generations and generations of dependable Pathfinder donor females in his pedigree and his sire, the $135,000 Coleman Easy Decision 1539, is a featured member of the Select Sires AI program. His Pathfinder dam, Coleman Donna 044, has a progeny production record of BR 3/92, WR 3/111, YR 3/110. Dependable is a calving-ease sire with a tremendous presence and look coupled with added performance and high $M genetics backed by five generations of Coleman Angus donors; he will generate reliable and profitable cattle for your program. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Chloe 259 combines the best of both worlds. She blends the genetics of the $180,000 South America with the $300,000 valued Lawsons Chloe C815 and has a progeny production record of WR 2/113, YR 2/109. She stems from a dam who records WR 3/110, YR 3/108, UREA 11/102 with 75 daughters in production with an average nursing ratio of 102. Coleman Chloe 7479, a full sister to this donor female, was the $150,000 selection through the 2023 Your Maternal Source Sale for a $300,000 valuation as the second top-selling heifer of that event. Coleman Chloe 4259, a daughter, was the $17,000 feature of the 2025 Your Maternal Source Sale. This outstanding donor female has tremendous length of body, a beautiful design, added volume and capacity, and she has been a great producer. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for $250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of $500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. Coleman Rock 7200 was the $240,000 record-selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape and added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for $M. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Donna 069 is a powerhouse female combined with being a Pathfinder, and high $M genetics makes this an outstanding donor female who blends the Pathfinder sire, Coleman Charlo 0256, along with the $120,000 Coleman Donna 504, who has generated over $600,000 in progeny sales, into a tremendous genetic package. This donor female has a progeny production record of WR 4/109, YR 4/105 with one daughter in production with an average nursing ratio of 104 and stems from a dam who records BR 5/91, WR 4/110, YR 4/111, UREA 15/101. This fabulous donor female has an elegant design and tremendous depth of body in a high-ratioing package. Koupals B&B Inevitable 509 is the record-selling $800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada

Coleman Donna 069 is a powerhouse female combined with being a Pathfinder, and high $M genetics makes this an outstanding donor female who blends the Pathfinder sire, Coleman Charlo 0256, along with the $120,000 Coleman Donna 504, who has generated over $600,000 in progeny sales, into a tremendous genetic package. This donor female has a progeny production record of WR 4/109, YR 4/105 with one daughter in production with an average nursing ratio of 104 and stems from a dam who records BR 5/91, WR 4/110, YR 4/111, UREA 15/101. This fabulous donor female has an elegant design and tremendous depth of body in a high-ratioing package. Coleman Rock 7200 was the $240,000 record-selling bull in our 2022 Your Maternal Source Female Sale to Ingram Angus and Sandford Cattle. Demand for the now-deceased Rock is at an all-time high across the world right now. The cattleman's kind is a perfect way to describe Coleman Rock 7200. Rock would currently be one of the heaviest used sires here at Coleman Angus. He sires cattle with extra three-dimensional shape and added performance in the right size package. His offspring have tons of center body and explosive muscle shape in a sound-structured package. Rock is low birthweight, high growth, and ranks in the Top 1% for $M. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Mill Brae Iden Georgina 4086 sold for $210,000 one-half interest for a $420,000 valuation in the 2023 Your Maternal Source Female Sale, making her the top-selling female of the event. She is the dam of the $165,000 J Trademark 1037, a featured herd sire in the Coleman Angus and Conley Cattle programs; Trademark has been one of the most sought-after young herd bulls with semen selling to many of the leading registered herds across the United States. 4086 Has a progeny record of BR 8/97, WR 8/104, and YR 6/104. When you combine Calving Ease, Growth, Marbling, and $Values, she is the #1 cow in AHIR her age or older, and 4086 did this the old-fashioned way, in the pasture and through her progeny. Koupals B&B Inevitable 509 is the record-selling $800,000 bull from the 2026 Koupal Spring Sale. He has gained popularity for his performance, phenotype, mass, and just being the right kind. He is a son of one of the really good producing females in our breed, B&B Blkbd Progress 3015, who has many sons working in programs all over the country. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate. These embryos are exportable to Canada.

Coleman Program 593 is owned with Schaff Angus Valley of St. Anthony, ND, KT Ranches in Canada, and Canadian Sires and Donors in Canada. Program is the $270,000 top-selling bull of the 2026 Coleman Angus Spring Bull Sale where he captivated cattlemen from all over the world. He is a son of the outcross sire, Palermo, back to the Pathfinder dam, Coleman Donna 787. He is as good as we have ever produced at Coleman Angus for phenotype, power, mass, structural correctness, body dimension, and has a flawless stride when in motion. We have not produced an individual that has this kind of three-dimensional shape from front to rear with as explosive of hip structure and width from behind. His Pathfinder dam has generated $1,687,000 on 27 head in past Coleman Angus sales and a full sister was the $150,000 valued second top-selling heifer calf of the 2025 Your Maternal Source Sale, Coleman Donna 512. Other maternal sisters include the $400,000 valued Coleman Donna 928 and the $150,000 valued Coleman Donna 3630. He is also a maternal brother to the $210,000 top-selling bull of the 2024 Coleman Spring Bull Sale, Coleman Maternal Source 356. This is an exciting new herd sire that will be used heavily in our program! These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. These embryos have been sexed for females, 90-95% accurate.

Coleman Prides of Lass 1303 is a featured Pathfinder dam who has been extremely productive and is the definition of longevity and high-maternal genetics. She is a daughter of Coleman Regis 904 back to Coleman Prides of Lass 8114 and has generated $56,250 in past Coleman Angus bull sales to average $8,036. She is a Pathfinder dam with one of the best production records in the program with a BR 12/95, WR 12/108, YR 12/105 and a 364-day calving window. Coleman Platinum sold for $170,000 to TK Angus and Arrowsmith Red Angus, both in Nebraska. Platinum is one of the greatest breeding accomplishments in the history of our program. His first set of calves here at the Ranch are tremendous; visitors have loved them all year. Platinum has a great future ahead of him. He has been a standout from day one and presents tremendous depth of body with loads of muscle and masculinity in an extremely sound-structured, herd bull package. His Pathfinder dam is Coleman Chloe 9275, who is quickly making her mark as one of the best cows to ever walk here on the ranch; she has a progeny production record of BR 4/95, WR 4/116, and YR 3/122. Chloe 9275 is also the dam of Coleman Platinum, Coleman Security, Coleman Arrowhead, Coleman Concrete, Coleman Bond, Coleman Survivor, Coleman Pablo, Coleman Ore, Coleman Flagstone, Coleman General, Coleman Mahomes, Coleman Kelce, and Coleman Granite. Chloe 9275 is having a major impact not only in our herd, but also across the whole breed and currently has 14 sons that are working in major registered operations. Platinum is seeing tremendous use here in our program. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy.

Coleman Donna 9365 has a calving interval of 367 days on her first three calves and a BR 3/93, WR of 102, and YR of 109. "9365" Was a major highlight in our recent "Your Maternal Source Female Sale" this past fall and is a full sister-in-blood to Glacier 041. She sold to Allen Brothers Cattle in OR for a $100,000 valuation, and her dam was a Pathfinder female here and a flush sister to Donna 439. 9365 Has a beautiful udder, great feet, tremendous mass, power, and performance. We are extremely excited to get ET calves on the ground out of her, we feel like she has a lot of potential. Coleman Broker 3106 is a bull we have kept here and used each year. He is a sure shot calving ease sire with off the chart $M values. He is a son of a highly productive daughter of Resource back to the legendary Coleman Donna 3125. He has excellent feet, length of body in a masculine package with great breed character. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.

Coleman Donna 7100 is a Pathfinder female with production records of BR 4/97, WR 4/110 and Y! 4/108. She sold to Shady Brook Angus of Tennessee for a $70,000 valuation and has certainly made her mark on our program. 7100 is the dam of Coleman Logo 947 who sold in the 2020 Coleman Angus Bull Sale to Little Goose Ranch in Wyoming. She also produced the top-selling $18,000 heifer calf of the 2023 Shady Brook Spring Sale going to Bucksnort Ranch of Tennessee. Her full sisters include the $120,000 Coleman Donna 504, the $120,000 Coleman Donna 7231 and Coleman Donna 7232. She is an extremely long-bodied female with tons of power and an excellent udder. Coleman Avalanche 487 has been a personal favorite from his calf crop with the potential to be a major breeding force. Avalanche has created quite a stir selling for $250,000 one-half interest to Montana Ranch and Canadian Sires for a valuation of $500,000 in our recent "Your Maternal Source Sale" in October. Semen on Avalanche has been in very high demand and has sold very well. Avalanche is a performance and maternal trendsetter with tremendous length, added style, and herd bull presence as well as phenomenal depth of body, spring of rib, and stands on excellent feet. We are starting to get our first calves out of Avalanche, and they are exceptional, very exciting times! Avalanche had a scrotal of 39 as a yearling bull and froze extremely high-quality semen right out of the gate. We have used Avalanche very heavily this spring, ET, AI, and also naturally. If you have not seen him in person, we would encourage you to come check him out. Avalanche is a maternal brother to the great Below Zero bull that has been used around the globe. Avalanche has been a visitor favorite here and has created a world-wide stir. These are IVF embryos (Trans Ova), and we are selling three embryos in this mating and guaranteeing one pregnancy. The buyer has the option to take 6 embryos out of this mating, and we will guarantee 2 pregnancies. These embryos have been sexed for females, 90-95% accurate.
